#### Proposed Changes in Announcement of SAMHSA Discretionary Grant Funding Opportunities

**AGENCY:** Substance Abuse and Mental Health Services Administration, HHS.

**ACTION:** Notice of proposed standard service-to-science grant announcement.

**SUMMARY:** Beginning in Fiscal Year (FY) 2004, the Substance Abuse and Mental Health Services Administration (SAMHSA) plans to change its approach to announcing and soliciting applications for its discretionary grant programs. The following announcement is a proposed standard announcement for SAMHSA's Service-to-Science Grants. *It is not an actual grant solicitation.*

**Authority:** Sections 509, 516, and 520A of the Public Health Service Act.

When published in final, the standard SAMHSA Service-to-Science Grant announcement will be used by applicants in conjunction with specific

Notices of Funding Availability (NOFAs) to prepare applications for certain SAMHSA grants. SAMHSA is providing this draft announcement for public review and comment in order to ensure that the field is aware of the planned change and has an opportunity to identify areas where the announcement is unclear and needs improvement.

**DATES:** Submit written comments on this proposal by October 20, 2003.

**ADDRESSES:** Interested persons are invited to submit comments regarding SAMHSA's proposed standard Service-to-Science Grant announcement to: Office of Policy, Planning and Budget, SAMHSA, Attn: Jennifer Fiedelholz by fax (301-594-6159) or e-mail ([samhsa\\_standard\\_grants@samhsa.gov](mailto:samhsa_standard_grants@samhsa.gov)). Please include a phone number in your e-mail, so that SAMHSA staff may contact you if there are questions about your comments.

#### FOR FURTHER INFORMATION CONTACT:

Jennifer Fiedelholz of the Office of Policy, Planning and Budget, SAMHSA, by fax (301-594-6159) or e-mail ([samhsa\\_standard\\_grants@samhsa.gov](mailto:samhsa_standard_grants@samhsa.gov)). If you would like a SAMHSA staff person to call you about your questions, please state this in an e-mail or fax request and provide a telephone number where you can be reached between 8:30 and 5 p.m. Eastern Standard Time.

**SUPPLEMENTARY INFORMATION:** Starting in FY 2004, SAMHSA plans to change its approach to announcing and soliciting applications for its discretionary grants. SAMHSA plans to issue the following Service-to-Science Grant announcement as one of four standard grant announcements that will describe the general program design and provide application instructions for four types of grants—Services Grants, Infrastructure Grants, Best Practices Planning and Implementation Grants, and Service-to-Science Grants. The standard announcements will be used in conjunction with brief Notices of Funding Availability (NOFAs) that will announce the availability of funds for specific grant funding opportunities within each of the standard grant programs (e.g., Homeless Treatment grants, Statewide Family Network

grants, or HIV/AIDS and Substance Abuse Prevention Planning Grants).

A complete description of the proposed process, the other three proposed standard announcements and a sample NOFA are contained in separate notices in this issue of the **Federal Register**.

SAMHSA welcomes public comment on all aspects of the following announcement. In particular, SAMHSA welcomes comment on the following issues:

1. Is the difference between the standard announcement and a NOFA clear?
2. Are the programmatic requirements for SAMHSA's Service-to-Science Grants clear?
3. Are the goals/objectives for SAMHSA's Service-to-Science Grants clear?
4. If you are a potential applicant for a SAMHSA Service-to-Science Grant, do you believe you will be able to use the standard Service-to-Science Grant announcement with the NOFA to prepare your application? Will the ability to anticipate programmatic requirements through reviewing the standard grant announcements ahead of time improve your ability to prepare a solid application? Is the additional benefit "worth" the "cost" of having to use two different documents to prepare your application?
