

and position minority owners of farm and ranch land to be informed of FSA and other USDA farm programs. Except for Social Security Numbers, information on the list may be shared with community-based outreach organizations. The Social Security Numbers, when provided, will only be used internally by USDA to match the person with their farm program records in order to better target outreach efforts. Race, ethnicity and gender, when provided, will be used by USDA and minority outreach organizations that serve the particular clientele.

The Minority Farm Register will be established by FSA and jointly administered with USDA's Office of Outreach. A specific register sign-up form will be issued in Spanish and English. Informational registration material will be distributed to community-based organizations, minority-serving educational institutions, and government agencies assisting minorities with land retention and acquisition, and will be available on the internet to ensure the program is widely publicized and accessible to all. Community-based organizations, minority-serving educational institutions and other groups serving minority clientele will be partnered with as needed. The USDA is requesting a 3-year extension of approval.

This information collection was previously approved by OMB for USDA's Office of Outreach under OMB Control Number 0508-0004. The collection is being transferred to FSA and approval is being sought as a new collection of information.

SUPPLEMENTARY INFORMATION:

Description of Information Collection

The following describes the information collection to be extended:

Title: Timber Operating Plans.

OMB Number: 0596-0086.

Expiration Date of Approval: January 31, 2004.

Type of Request: Extension of an information collection previously approved by the Office of Management and Budget.

Abstract: The information collected is used by the agency to plan agency timber sale contract administration workload and to determine whether timber sale purchasers had scheduled operations delayed and; therefore, are eligible for an extension of the contract termination date. The information is required by timber sale contract provisions in Form FS 2400-6, Timber Sale Contract, and Form FS 2400-6T, Timber Sale Contract.

Respondents are National Forest System land timber sale purchasers who prepare a chart or letter within 60 days of a timber sale contract award, and annually thereafter until the contract is completed. The timber sale purchaser outlines timeframes and methods of accomplishing road construction, timber harvesting, and other contract requirements.

Forest Service personnel evaluate the collected information to facilitate timber sale contract administration and to determine eligibility for National Forest System land timber sale contract term extensions. Data gathered in this information collection are not available from other sources.

Estimate of Annual Burden: 30 minutes per response.

Type of Respondents: Purchasers of National Forest System timber.

Estimated Annual Number of Respondents: 2500.

Estimated Annual Number of Responses per Respondent: 1.5.

Estimated Total Annual Burden on Respondents: 1,875 hours.

Comment Is Invited

The agency invites comments on the following: (a) The necessity of the information collection for the stated purposes and the proper performance of the functions of the agency, including whether the information will have practical or scientific utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the information collection burden on respondents, including the use of automated, electronic, mechanical, or other technological collection
