

allotments is specified in the statute, there were no other options to be considered. Therefore, we have applied the statutory formula for the State allotments except for the use of specified data. Because the data specified in the law were not available, we have used comparable data from the United States Census Bureau on the number of possible QIs in the States, as described in detail in the January 26, 1998 **Federal Register**. Since the statutory formula calls for an estimate of individuals who could qualify for QI status rather than the number of individuals who actually have that status, the exact numbers of those individuals will always be uncertain. These new allotments for FY 2002 incorporated the latest data from the United States Census Bureau from 1999 to 2001, as specified in the footnotes to the preceding table.

We believe that announcing the final allocations in this notice will have a positive effect on States and individuals. Federal funding at the 100 percent matching rate was available for Medicare Part B premiums (or for a portion of those premiums) for QIs.

In addition, section 1102(b) of the Act requires us to prepare a regulatory impact analysis if a rule may have a significant impact on the operations of a substantial number of small rural hospitals. This analysis must conform to the provisions of section 604 of the RFA. For purposes of section 1102(b) of the Act, we define a small rural hospital as a hospital that is located outside a Metropolitan Statistical Area and has fewer than 100 beds.

Section 202 of the Unfunded Mandates Reform Act of 1995 also requires that agencies assess anticipated costs and benefits before issuing any rule that may result in expenditure in any 1 year by State, local, or tribal governments, in the aggregate, or any the private sector, of \$110 million. This final notice does not mandate expenditure by State, local or tribal governments in the aggregate or the private sector of \$110 million.

Executive Order 13132 establishes certain requirements that an agency must meet when it promulgates a proposed rule (and subsequent final rule) that imposes substantial direct requirement costs on State and local governments, preempts State law, or otherwise has Federalism implications.

Because this final notice provides notice of funding ceilings, as determined under the statute, we have determined that this final notice will not significantly affect the rights, roles, and responsibilities of States.

We are not preparing analyses for either the RFA or section 1102(b) of the Act, because we have determined, and we certify, that this final notice will not have a significant economic impact on a substantial number of small entities or a significant impact on the operations of a substantial number of small rural hospitals.

In accordance with the provisions of Executive Order 12866, this final notice was reviewed by the Office of Management and Budget.

**SUPPLEMENTARY INFORMATION:** Section 222 of the Public Health Service Act (42 U.S.C. 217a), as amended, grants to the Secretary of the Department of Health and Human Services (the Secretary) the authority to establish an advisory panel if the Secretary finds the panel necessary and in the public interest. The Secretary signed the charter establishing this Panel on January 21, 1999 (64 FR 7849), and approved the renewal of the charter on January 21, 2003. The Panel advises and makes recommendations to the Secretary and the Administrator of the Centers for Medicare & Medicaid Services (CMS) on opportunities to enhance the effectiveness of consumer education strategies concerning the Medicare program.

The goals of the Panel are as follows:

- To develop and implement a national Medicare education program that describes the options for selecting a health plan under Medicare.
- To enhance the Federal government's effectiveness in informing the Medicare consumer, including the appropriate use of public-private partnerships.
- To expand outreach to vulnerable and underserved communities, including racial and ethnic minorities, in the context of a national Medicare education program.
- To assemble an information base of best practices for helping consumers evaluate health plan options and build a community infrastructure for information, counseling, and assistance.

The current members of the Panel are: Dr. Jane Delgado, Chief Executive Officer, National Alliance for Hispanic Health; Joyce Dubow, Senior Policy Advisor, Public Policy Institute, American Association of Retired Persons (AARP); Clayton Fong, President and Chief Executive Officer,
