

regard to paragraph (d)(3)(i) of this section. A, B, C and D are four members of the corporation's founding family who each own, during the entire taxable year, 25 percent of the stock of Hold Co., a company that issues registered shares. Hold Co., in turn, owns 60 percent of the stock of X during the entire taxable year. The remaining 40 percent of the stock of X is not owned by any 5-percent shareholder, as determined under paragraph (d)(3)(iii) of this section. A, B, and C are not residents of a qualified foreign country, but D is a resident of a qualified foreign country.

(ii) *Analysis.* Because Hold Co. owns 60 percent of the stock of X for more than half the number of days during the taxable year, Hold Co. is a 5-percent shareholder that owns 50 percent or more of the value of the stock of X. Thus, the shares owned by Hold Co. constitute a closely-held block of stock. Under paragraph (d)(3)(i) of this section, the stock of X will not be regularly traded within the meaning of paragraph (d)(1) of this section unless X can establish, under paragraph (d)(3)(ii) of this section, that qualified shareholders within the closely-held block of stock own sufficient shares in the closely-held block of stock to preclude nonqualified shareholders in the closely-held block of stock from owning 50 percent or more of the value of the outstanding shares in the class of stock for more than half the number of days during the taxable year. A, B, and C are not qualified shareholders within the meaning of § 1.883-4(b) because they are not residents of a qualified foreign country, but D is a resident of a qualified foreign country and therefore is a qualified shareholder. D owns 15 percent of the outstanding shares of X through Hold Co. (25 percent \times 60 percent = 15 percent) while A, B, and C in the aggregate own 45 percent of the outstanding shares of X through Hold Co.. D, therefore, owns sufficient shares in the closely-held block of stock to preclude the nonqualified shareholders in the closely-held block of stock, A, B and C, from owning 50 percent or more of the value of the class of stock (60 percent - 15 percent = 45 percent) of which the closely-held block is a part. Provided that X obtains from D the documentation described in § 1.883-4(d), X's sole class of stock meets the exception in paragraph (d)(3)(ii) of this section and will not be disqualified from the regularly traded test by virtue of paragraph (d)(3)(i) of this section.

(e) *Substantiation that a foreign corporation is publicly traded*—(1) *General rule.* A foreign corporation that relies on the publicly traded test of this section to meet the stock ownership test of § 1.883-1(c)(2) must substantiate that the stock of the foreign corporation is primarily and regularly traded on one or more established securities markets, as that term is defined in paragraph (b) of this section. If one of the classes of stock on which the foreign corporation relies to meet this test is closely-held within the meaning of paragraph (d)(3)(i) of this section, the foreign corporation must obtain an ownership statement described in § 1.883-4(d) from each

qualified shareholder and intermediary that it relies upon to satisfy the exception to the closely-held test, but only to the extent such statement would be required if the foreign corporation were relying on the qualified shareholder stock ownership test of § 1.883-4 with respect to those shares of stock. The foreign corporation must also maintain and provide to the Commissioner upon request a list of its shareholders of record and any other relevant information known to the foreign corporation supporting its entitlement to an exemption under this section.

(2) *Availability and retention of documents for inspection.* The documentation described in paragraph (e)(1) of this section must be retained by the corporation seeking qualified foreign corporation status until the expiration of the statute of limitations for the taxable year of the foreign corporation to which the documentation relates. Such documentation must be made available for inspection by the Commissioner at such time and such place as the Commissioner may request in writing.

(f) *Reporting requirements.* A foreign corporation relying on this section to satisfy the stock ownership test of § 1.883-1(c)(2) must provide the following information in addition to the information required in § 1.883-1(c)(3) to be included in its Form 1120-F, "U.S. Income Tax Return of a Foreign Corporation," for the taxable year. The information must be current as of the end of the corporation's taxable year and must include the following—

(1) The name of the country in which the stock is primarily traded;

(2) The name of the established securities market or markets on which the stock is listed;

(3) A description of each class of stock relied upon to meet the requirements of paragraph (d) of this section, including the number of shares issued and outstanding as of the close of the taxable year;

(4) For each class of stock relied upon to meet the requirements of paragraph (d) of this section, if one or more 5-percent shareholders, as defined in paragraph (d)(3)(i) of this section, own in the aggregate 50 percent or more of the vote and value of the outstanding shares of that class of stock for more than half the number of days during the taxable year—

(i) The days during the taxable year of the corporation in which the stock was closely-held without regard to the exception in paragraph (d)(3)(ii) of this section and the percentage of the vote and value of the class of stock that is

owned by 5-percent shareholders during such days;

(ii) For each qualified shareholder who owns or is treated as owning stock in the closely-held block upon whom the corporation intends to rely to satisfy the exception to the closely-held test of paragraph (d)(3)(ii) of this section—

(A) The name of each such shareholder;

(B) The percentage of the total value of the class of stock held by each such shareholder and the days during which the stock was held;

(C) The address of record of each such shareholder; and

(D) The country of residence of each such shareholder, determined under § 1.883-4(b)(2) (residence of individual shareholders) or § 1.883-4(d)(3) (special rules for residence of certain shareholders); and

(5) Any other relevant information specified by Form 1120-F and its accompanying instructions.

§ 1.883-3 Treatment of controlled foreign corporations.

(a) *General rule.* A foreign corporation satisfies the stock ownership test of § 1.883-1(c)(2) if it is a controlled foreign corporation (CFC), as defined in section 957(a), and satisfies the income inclusion test in paragraph (b) of this section and the substantiation and reporting requirements of paragraphs (c) and (d) of this section, respectively. A CFC that fails the income inclusion test of paragraph (b) of this section will not be a qualified foreign corporation unless it meets either the publicly traded test of § 1.883-2(a) or the qualified shareholder stock ownership test of § 1.883-4(a).

(b) *Income inclusion test*—(1) *General rule.* A CFC shall not be considered to satisfy the requirements of paragraph (a) of this section unless more than 50 percent of the CFC's adjusted net foreign base company income (as defined in § 1.954-1(d) and as increased or decreased by section 952(c)) derived from the international operation of ships or aircraft is includible in the gross income of one or more United States citizens, individual residents of the United States or domestic corporations, pursuant to section 951(a)(1)(A) or another provision of the Internal Revenue Code, for the taxable years of such persons in which the taxable year of the CFC ends.

(2) *Examples.* The income inclusion test of paragraph (b)(1) of this section is illustrated in the following examples:

Example 1. Ship Co is a CFC organized in a qualified foreign country. All of Ship Co's income is foreign base company shipping income that is derived from the international
