Revised Medical Criteria for Evaluating Amyotrophic Lateral Sclerosis

AGENCY: Social Security Administration
 ACTION: Final rules.

SUMMARY: We are revising the criteria in the Listing of Impairments (the listings) that we use to evaluate Amyotrophic Lateral Sclerosis (ALS). We apply these criteria when you claim benefits based

on disability under title II or title XVI of the Social Security Act (the Act). The revision provides that we will find you disabled if you have medical evidence showing that you have ALS.

Because of this change, we are also adding guidance about ALS to our listings. We are also adding ALS to the list of specific impairment categories in our regulation that provides for presumptive disability payments under title XVI.

DATES: These rules are effective August 28, 2003.

For information on eligibility or filing for benefits, call our national toll-free number, 1-800-772-1213 or TTY 1-800-325-0778, or visit our Internet Web site, *Social Security Online*, at <http://www.socialsecurity.gov>.

Electronic Version: The electronic file of this document is available on the date of publication in the **Federal Register** at <http://www.gpoaccess.gov/fr/index.html>. It is also available on the Internet site for SSA (*i.e.*, Social Security Online): <http://www.socialsecurity.gov/regulations>.

SUPPLEMENTARY INFORMATION: For the reasons we explain below, we are revising listing 11.10, our listing for ALS, in our neurological body system listings. The new listing provides that we will find you disabled if you have medical evidence that shows that you have ALS. Because of this change, we are also making two additional changes:

- We are adding a new section 11.00G to the introductory material to the neurological listings to provide information about ALS and the evidence we need so that we can evaluate ALS under the new listing.

- We are amending § 416.934 of our regulations to include ALS on the list of "specific impairment categories" our field offices and State agencies use to make findings of presumptive disability under the Supplemental Security Income (SSI) program. This change will allow us to make findings of presumptive disability in claims involving allegations of ALS, without obtaining any medical evidence. We are also making a nonsubstantive technical change to the specific impairment category for Down syndrome in § 416.934, so that the category reflects the current terminology for the condition.
