[MN73-1-7298b; FRL-7541-6]

**Approval and Promulgation of Implementation Plans; Minnesota**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** EPA is proposing to approve a site-specific revision to the Minnesota particulate matter (PM) State Implementation Plan (SIP) for Lafarge Corporation's (Lafarge) facility located on Red Rock Road in Saint Paul, Ramsey County, Minnesota. By its submittal dated July 18, 2002, the Minnesota Pollution Control Agency (MPCA) requested that EPA approve Lafarge's state operating permit into the Minnesota PM SIP. The request is approvable because it meets the requirements of the Clean Air Act. In the final rules section of this **Federal Register**, we are approving the SIP revision as a direct final rule without prior proposal, because we view this as a noncontroversial revision amendment and anticipate no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this proposed rule, no further activity is contemplated in relation to this proposed rule. If we receive adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. We will not institute a second comment period on this action. Any parties interested in commenting on this action should do so at this time.

**DATES:** Written comments must be received on or before October 2, 2003.
