Abstract: Educational institutions and job establishments use VA Form 22-1999 to report information concerning the enrollment or reenrollment into training of veterans, service persons, reservists, and other eligible persons. VA is authorized to make payments in advance if the trainee requests an advance payment. In certain instances, VA is authorized to make a lump sum payment of a claimant's tuition and fees if the trainee requests an accelerated payment. The form serves as the trainee's request for an advance or accelerated payments as well as the educational institutions report to the trainee's enrollment. The information collected on the form is used to determine the amount of educational benefits payable to the trainee during the period of enrollment or training. Without the information, VA would not have a basis upon which to make payment.
