

A proposed rule concerning this action was published in the **Federal Register** on July 25, 2003 (68 FR 43975). Copies of the proposed rule were also mailed or sent via facsimile to all members of the Committees. Finally, the proposal was made available through the Internet by the Office of the Federal Register and USDA. A 15-day comment period ending August 11, 2003, was provided for interested persons to respond to the proposal. No comments were received.

A small business guide on complying with fruit, vegetable, and specialty crop marketing agreements and orders may be viewed at: <http://www.ama.usda.gov/fv/moab.html>. Any questions about the compliance guide should be sent to Jay Guerber at the previously mentioned address in the **FOR FURTHER INFORMATION CONTACT** section.

After consideration of all relevant material presented, including the information and recommendation submitted by the Committees and other available information, it is hereby found that this rule, as hereinafter set forth, will tend to effectuate the declared policy of the Act.

Pursuant to 5 U.S.C. 553, it is also found and determined that good cause exists for not postponing the effective date of this rule until 30 days after publication in the **Federal Register** because the 2003–2004 fiscal period began on April 1, and the marketing orders require that the rate of assessment for each fiscal period apply to all assessable Washington apricots, Washington sweet cherries, and Washington-Oregon fresh prunes handled during such fiscal period. Further, handlers are aware of this rule which was unanimously recommended by each of the Committees at public meetings. Also, a 15-day comment period was provided for in the proposed rule and no comments were received.

Irish Potatoes Grown in Colorado; Reinstatement of the Continuing Assessment Rate

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Final rule.

SUMMARY: This rule reinstates the continuing assessment rate established for the Area No. 3 Colorado Potato

Administrative Committee (Committee) for the 2003–2004 and subsequent fiscal periods at \$0.03 per hundredweight of potatoes handled. The Committee locally administers the marketing order regulating the handling of potatoes grown in northern Colorado. The continuing assessment rate was suspended for the 2001–2002 and subsequent fiscal periods to bring the monetary reserve within the program limit of two fiscal periods' operating expenses. Authorization to assess potato handlers enables the Committee to incur expenses that are reasonable and necessary to administer the program. The fiscal period began July 1 and ends June 30. The assessment rate will remain in effect indefinitely unless modified, suspended, or terminated.

EFFECTIVE DATE: September 4, 2003.
