HRSA-04-059 Integrated Health and Behavioral Health Care for Children, Adolescents and Their Families (IHBHP)

CFDA: 93.110.

Legislative Authority: Social Security Act, Title V, 42 U.S.C. 701.

Purpose: The purpose of this set of planning grants is to assist community health care organizations to develop and formalize working relationships for planning a program of health service delivery for children, adolescents and their families that integrates physical and psychosocial primary care, comprehensive mental health services, and substance abuse prevention and treatment services. Plans for integration of services that are developed as part of grant activities need to address such issues as organizational structure, governance and executive leadership, staffing, education and training of personnel, facilities, information systems and protection of confidentiality, regulatory requirements, functioning in a managed care environment, fiscal arrangements, quality improvement and accountability, and involvement with the larger community. The ultimate goal of this initiative is to develop a set of integrated services models that meet the unique needs of different communities. This funding opportunity represents a third cycle for this initiative.

Eligibility: As cited in 42 CFR Part 51a.3 (a), any public or private entity, including an Indian tribe or tribal organization, faith based and community based organization (as those terms are defined at 25 U.S.C. 450b), is eligible to apply for this Federal funding. Organizations that have previously received funding under this initiative are not eligible to apply.

Review Criteria: Final review criteria are included in the application kit.

HRSA-04-060 Breastfeeding Promotion in Physician's Office Practices (BPPPOP)

CFDA: 93.110.

Legislative Authority: Social Security Act, Title V, 42 U.S.C. 701.

Purpose: This grant program is designed to: (1) Facilitate preparation of providers of obstetrical, family practice, pediatric health care and other health disciplines in office settings to effectively promote and manage breastfeeding with the goal to move breastfeeding initiation and duration rates toward the Healthy People 2010 national health objectives; (2) implement strategies to enroll health care providers working with underserved population in breastfeeding promotion, support, and technical assistance programs; and (3) encourage collaborations between obstetrical, pediatric, family health care, and other health providers at the local, state, and regional levels. Because this grant is national in scope, the applicant should be prepared to clearly demonstrate a national expertise and capacity for addressing breastfeeding promotion, support, and technical assistance issues related to providers of obstetrical, family practice and pediatric medical and health care to consumers and their families; and applicants building upon current breastfeeding promotion and support partnerships with professional organizations and federal agencies.

Eligibility: As cited in 42 CFR Part 51a.3(a), any public or private entity, including an Indian tribe or tribal organization (as those terms are defined at 25 U.S.C. 450b), is eligible to apply for this Federal funding.

Review Criteria: Final review criteria are included in the application kit.

Estimated Amount of This Competition: \$200,000.

HRSA-04-061 Partnership for Information and Communication Cooperative Agreement Program (PICA)

CFDA: 93.110.

Legislative Authority: Social Security Act, Title V, 42 U.S.C. 701.

Purpose: The general purpose of the Partnership for Information and Communication program is to collaborate with governmental, professional and private membership organizations representing community, state and private sector leaders to identify issues impacting maternal and child health, to share information about approaches to improving maternal and child health issues, and to clarify the particular perspectives of stakeholders in maternal and child health care. For FY 2004, two categories of PIC funding opportunities are offered:

I. Family Partnerships in Maternal and Child Health (FPPIC): The specific purpose of this category is to assist organizations representing the interests of culturally diverse families to: (a) Identify the particular concerns of those families regarding health, mental health and welfare; (b) collaborate with the MCHB to increase the involvement of culturally diverse families in MCH and Children with Special Health Care Needs (CSHCN) issues; (c) communicate to families, in a culturally competent manner, important issues identified by the MCHB; (d) assist state and local MCH/CSHCN programs in obtaining family perspectives from culturally diverse populations; and, (e) work collaboratively with other family organizations to promote the concerns of all families and to address health, mental health and social issues impacting families. Organizations will be selected in a manner to assure family representation from the variety of racial, ethnic and culturally diverse groups that make up the MCH/CSHCN population as well as family/parent
