Regulatory Analyses and Notices

Does the Paperwork Reduction Act Apply to This Proposed Rule?

We propose no requirement to collect information. Therefore, the provisions of the Paperwork Reduction Act of 1995, 44 U.S.C. 3507, and its implementing regulations, 5 CFR part 1320, do not apply.

Does The Regulatory Flexibility Act Apply to This Proposed Rule?

We certify that this regulation, if adopted, will not have a significant economic impact on a substantial number of small entities, including small businesses. The proposal imposes no new reporting, recordkeeping, or other administrative requirements.

The establishment of viticultural areas represents neither our endorsement nor approval of the quality of wine made from grapes grown in the designated areas. Rather, the system allows us to identify areas distinct from one another. In turn, identifying viticultural areas lets wineries describe more accurately the origin of their wines to consumers and helps consumers identify the wines they purchase. Thus, any benefit derived from using a viticultural area name results from a proprietor's efforts and consumer acceptance of wines from that area. Therefore, no regulatory flexibility analysis is required.

Does Executive Order 12866 Define This NPRM as a Significant Regulatory Action?

This proposed rule is not a "significant regulatory action" as defined by Executive Order 12866. Therefore, no regulatory assessment is required.
