

program for the DoD. The Deputy Secretary of Defense November 10, 1999 memorandum, Subject: Smart Card Adoption and Implementation, directed the Department to implement smart card technology as a Department-wide Common Access Card (CAC) that shall be the standard ID card for active duty Uniformed Services personnel (to include the Selected Reserve), DoD civilian employees, and eligible contractor personnel. The CAC will be the principal card used to (1) enable physical access to buildings and controlled spaces and (2) gain access to the Department's computer networks and systems. Further guidance was provided in the USD (Personnel and Readiness) and DoD CIO April 18, 2002 joint memorandum to allow non-DoD federal employees requiring logical access to become eligible for the CAC. The Deputy Secretary directed the CAC be issued and maintained using the infrastructure provided by the Defense Enrollment Eligibility Reporting System (DEERS) and the Realtime Automated Personnel Identification System (RAPIDS). Initial implementation of the CAC began December 2000 and mass issuance is scheduled to be complete by April 2004.

This information collection is required to obtain the necessary data to establish eligibility for the CAC for those individuals not pre-enrolled in the DEERS, and to maintain a centralized database of eligible individuals.
