

providing a 60-day comment period and otherwise consult with members of the public and affected agencies concerning each proposed collection of information. The OMB has promulgated regulations describing what must be included in such a document. Under OMB's regulation (at 5 CFR 1320.8(d)), an agency must ask for public comment on the following:

(i) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(ii) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(iii) How to enhance the quality, utility, and clarity of the information to be collected;

(iv) How to minimize the burden of the collection of information on those who are to respond including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.* permitting electronic submission of responses.

In compliance with these requirements, NHTSA asks for public comments on the following proposed collections of information:

Title: National Automotive Sampling System (NASS).

Type of Request: Extension of a currently approved collection.

OMB Control Number: 2127-0021.

Affected Public: Passenger motor vehicle operators.

Abstract: The collection of crash data that support the establishment and enforcement of motor vehicle regulations that reduce the severity of injury and property damage caused by motor vehicle crashes is authorized under the National Traffic and Motor Vehicle Safety Act of 1966 (Pub. L. 89-563, title 1, sec. 106, 108, and 112). The National Automotive Sampling System (NASS) Crashworthiness Data System (CDS) of the National Highway Traffic Safety Administration investigates high severity crashes. Once a crash has been selected for investigation, researchers locate, visit, measure, and photograph the crash scene; locate, inspect, and photograph vehicles; conduct a telephone or personal interview with the involved individuals or surrogate; and obtain and record injury information received from various medical data sources. NASS CDS data are used to describe and analyze circumstances, mechanisms, and consequences of high severity motor vehicle crashes in the United States.

The collection of interview data aids in this effort.

Estimated Annual Burden: 5,807 hours.

Number of respondents: 13,500.

Rulemaking Program Meeting

AGENCY: National Highway Traffic Safety Administration (DOT).

ACTION: Notice of NHTSA rulemaking status meeting.

SUMMARY: This notice announces a public meeting at which NHTSA will answer questions from the public and the automobile industry regarding the agency's vehicle regulatory program.

DATES: The Agency's regular public meeting relating to its vehicle regulatory program will be held on Thursday, April 3, 2003, beginning at 9:45 a.m. and ending at approximately 12 p.m. at the Best Western Gateway International Hotel 9191 Wickham, Romulus, Michigan. Questions relating to the vehicle regulatory program must be submitted in writing with a diskette (Microsoft Word) by Wednesday, March 12, 2003, to the address shown below or by e-mail. If sufficient time is available, questions received after March 12, may be answered at the meeting. The individual, group or company submitting a question(s) does not have to be present for the question(s) to be answered. A consolidated list of the questions submitted by March 12, 2003, and the issues to be discussed will be posted on NHTSA's Web site (www.nhtsa.dot.gov) by Monday, April 1, 2003, and also will be available at the meeting. The agency will hold a second public meeting on April 3, devoted exclusively to a presentation of research and development programs. This meeting will begin at 1:30 p.m. and end at approximately 5 p.m. This meeting is described more fully in a separate announcement. The next NHTSA Public Meeting will take place on Thursday, July 17, 2003, at the Hyatt Regency in Baltimore, on the Inner Harbor, 300 Light Street Baltimore, MD 21202.

SUPPLEMENTARY INFORMATION: NHTSA

holds regular public meetings to answer questions from the public and the regulated industries regarding the agency's vehicle regulatory program. Questions on aspects of the agency's research and development activities that relate directly to ongoing regulatory actions should be submitted, as in the past, to the agency's Rulemaking Office. Transcripts of these meetings will be available for public inspection in the DOT Docket in Washington, DC, within four weeks after the meeting. Copies of the transcript will then be available at ten cents a page, (length has varied from 80 to 150 pages) upon request to DOT Docket, Room PL-401, 400 Seventh Street, SW., Washington, DC 20590. The DOT Docket is open to the public from 10 a.m. to 5 p.m. The transcript may also be accessed electronically at <http://dms.dot.gov>, at docket NHTSA-99-5087. Questions to be answered at the public meeting should be organized by categories to help us process the questions into an agenda form more efficiently.

Sample format:

- I. Rulemaking
 - A. Crash avoidance
 - B. Crashworthiness
 - C. Other Rulemakings
- II. Consumer Information
- III. Miscellaneous

NHTSA will provide auxiliary aids to participants as necessary. Any person desiring assistance of "auxiliary aids" (*e.g.*, sign-language interpreter, telecommunications devices for deaf persons (TDDs), readers, taped texts, brailled materials, or large print materials and/or a magnifying device), please contact Delia Lopez on (202) 366-1810, by COB Monday, April 1, 2003.

Issued: January 24, 2003.

Stephen R. Kratzke,

Associate Administrator for Rulemaking.
