##### Authority

The ESA requires that incidental take

 to otherwise lawful activity; (2) the  
 applicant will, to the maximum extent  
 practicable minimize and mitigate the  
 impacts of such taking; (3) the applicant  
 will ensure that adequate funding for  
 the plan will be provided; (4) the taking  
 will not appreciably reduce the  
 likelihood of survival and recovery of  
 the species in the wild; and (5) any  
 additional measures that NMFS finds  
 necessary or appropriate for the  
 purposes of the plan will be  
 implemented. Authority to take listed  
 species is subject to conditions set forth  
 in the permits. Permits, modifications,  
 and amendments are issued in
