

36, to become effective November 1, 2003.

Texas Gas states that the tariff sheet is being filed to establish a revised Effective Fuel Retention Percentage (EFRP) under the provisions of Section 16 "Fuel Retention" as found in the General Terms and Conditions of Texas Gas's FERC Gas Tariff, Second Revised Volume No. 1. The revised EFRPs are proposed to be in effect for the annual period November 1, 2003, through October 31, 2004. In general, the overall impact appears to be predominately moderate to significant reductions in the EFRPs as compared to the EFRPs filed on August 30, 2002.

Texas Gas states that copies of the revised tariff sheet are being mailed to all parties on Texas Gas's official service list, to Texas Gas's jurisdictional customers, and to interested state commissions.
