Background and Purpose

North Star Lady Inc., doing business as Over the Edge Motorsport Marketing and the H2O Performance Marketing Group, is sponsoring a high-speed power boat race that will take place on October 3 and 4 of 2003, in the Atlantic Ocean off Fort Lauderdale Beach, Florida. The race organizers anticipate 70 participants and 50 spectator watercraft for this event. The event will take place outside of the marked channel and will not interfere with commercial shipping. Recreational vessels and fishing vessels normally operate in the waters being used for the event but will be able to safely operate around the regulated areas with minimal delay. This rule is required to provide for the safety of life on navigable waters because of the inherent danger associated with a power boat race.
