

D. Public reporting burden for this collection is estimated to average 1 hour for the Monthly Schedule and 3 hours for the Annual Schedule. The estimated burden includes the total time necessary to provide the requested information. In your opinion, how accurate is this estimate?

E. The agency estimates that the only cost to a respondent is for the time it will take to complete the survey form. Will a respondent incur any start-up costs for reporting, or any recurring annual costs for operation, maintenance, and purchase of services associated with the information collection?

F. What additional actions could be taken to minimize the burden of this collection of information? Such actions may involve the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

G. Does any other Federal, State, or local agency collect similar information? If so, specify the agency, the data element(s), and the methods of collection.

H. Do you consider the EIA-913 information (additions, withdrawals, inventory, and facility characteristics) to be sensitive proprietary company information that should be treated as confidential? If so and the EIA-913 survey was conducted under CIPSEA, would your company sign an informed consent agreement for release of its EIA-913 information to other Federal agencies for use in preparing for and/or responding to defined emergency situations such as terrorist attacks, regional pipeline breaks, or LNG shipping disruptions? Any Federal agency with access to EIA-913 information would be required to sign a document agreeing to maintain the confidentiality of the information.

3. As a Potential User of the Information to be Collected

A. What actions could be taken to help ensure and maximize the quality, objectivity, utility, and integrity of the information disseminated?

B. Is the information useful at the level of detail to be reported?

C. For what purpose(s) would the information be used? Be specific.

D. Are there alternative sources for the information and are they useful? If so, what are their weaknesses and/or strengths?

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of the form. They also will become a matter of public record.

Statutory Authority: Section 3507(h)(1) of the Paperwork Reduction Act of 1995 (Pub. L. 104-13, 44 U.S.C. Chapter 35).

[Docket RP03-598-000]

Cotton Valley Compression, L.L.C.; Notice of Second Compressor Change Tariff, Rate, and Environmental Filing

September 10, 2003.

Take notice that on August 28, 2003, Cotton Valley Compression, L.L.C. (Cotton Valley), tendered for filing in Docket Nos. CP99-541-004 and RP03-598-000 a report

(1) describing the SECOND change of leased compressor units, (2) recomputing the stated rates to reflect the cost and capacity impacts of that compressor change, (3) replacing specific tariff sheets to reflect those revised rates and increased available capacity, and (4) satisfying environmental conditions attached to its original certificate of public convenience and necessity issued in 2000. 90 FERC & 61,206. Cotton Valley states that in that certificate besides authorizing Cotton Valley's 1,200 horsepower of installed leased compression with a capacity of 13,100 Dth/d, the Commission authorized it to operate leased compressors up to 3,000 horsepower with a capacity of up to 31,000 Dth/d, without further certification or abandonment for changes up or down within this upper level, subject to certain conditions.

Cotton Valley states that the following revised tariff sheets are being filed, with an effective date of September 29, 2003:

Second Revised Sheet No. 2 superceding

First Revised Sheet No. 2

Second Revised Sheet No. 4 superceding

First Revised Sheet No. 4
