AGENCY: Environmental Protection Agency (EPA).

ACTION: Direct final rule.

SUMMARY: The EPA is taking direct final action on a request to redesignate Grant County, New Mexico from nonattainment area to attainment for the sulfur dioxide (SO₂) National Ambient Air Quality Standards (NAAQS). In conjunction with this action, EPA is also approving the maintenance plan, and its associated contingency measures

We are approving these revisions in accordance with the requirements of the Federal Clean Air Act (Act).

DATES: This rule is effective on November 17, 2003 without further notice, unless EPA receives relevant adverse comment by October 20, 2003. If EPA receives such comment, EPA will publish a timely withdrawal in the **Federal Register** informing the public that this rule will not take effect.
