We will address all public comments in a subsequent final rule based on the proposed rule. We will not institute a second comment period on this action. Any parties interested in commenting must do so at this time.

General Information

A. What Is the Public Rulemaking File?

The EPA is committed to ensuring public access to the information used to inform the Agency's decisions regarding the environment and human health and to ensuring that the public has an opportunity to participate in the Agency's decision-making process. The official public rulemaking file consists of the documents specifically referenced in a particular agency action, any public comments received, and other information related to the action. The public rulemaking file does not include Confidential Business Information (CBI) or other information for which disclosure is restricted by statute, although such information is a part of the Agency's official administrative record for the action.

B. How Can I Get Copies of This Document and Other Related Information?

1. An official public rulemaking file is available for inspection at the Regional Office. The Regional Office has established an official public rulemaking file for this action under Identification Number (ID No.) NM-43-1-7600. The public rulemaking file is available for viewing at the Air Planning Section (6PD-L), Environmental Protection Agency, 1445 Ross Avenue, Suite 700, Dallas, Texas 75202-2733. Contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to schedule your inspection. If possible, schedule the appointment two working days in advance of your visit. Official hours of business for the Regional Office are Monday through Friday, 8:30 a.m. to 4 p.m. excluding Federal holidays. Copies of any State submittals and EPA's TSD are also available for public inspection at the New Mexico Environment Department, Air Quality Bureau, 2044 Galisteo Street, Santa Fe, New Mexico 87505 during official business by appointment.

2. You may access this **Federal Register** document electronically through the Regulations.gov Web site located at <http://www.regulations.gov>. The Regulations.gov Web site is the central online rulemaking portal of the United States government and is a public service to increase participation in the government's regulatory activities by offering a central point for submitting comments on regulations.

C. How and to Whom Do I Submit Comments?

You may submit comments electronically, by mail, through hand delivery/courier or by facsimile. Instructions for submitting comments by each method are discussed below. To ensure proper receipt by EPA, identify the appropriate ID No. in the subject line on the first page of your comment. Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be marked "late." The EPA is not required to consider these late comments. If you wish to submit CBI or information that is otherwise protected by statute, please follow the instructions in section D below.

1. *Electronically.* To submit comments electronically (via e-mail, Regulations.gov, or on disk or CD-ROM), EPA recommends that you include your name, mailing address, and an e-mail address or other contact information in the body of your comment. Also include this contact information on the outside of any disk or CD ROM you submit, and in any cover letter accompanying the disk or CD ROM. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. The EPA's policy is that EPA will not edit your comments. Any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the public rulemaking file and may be made available in EPA's public Web sites. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

i. *E-mail.* Comments may be submitted by electronic mail (e-mail) to Diggs.Thomas@epa.gov, Attention "Public comment on ID No. NM-43-1-7600." In contrast to the Regulations.gov Web site, EPA's e-mail system is not an "anonymous" system. If you send an e-mail comment directly to EPA, your e-

mail address will be automatically captured and included as part of the comment that is placed in the official public rulemaking file.

ii. *Regulations.gov.* Comments may be submitted electronically at the Regulations.gov Web site, the central online rulemaking portal of the United States government. Every effort is made to ensure that the Web site includes all rule and proposed rule notices that are currently open for public comment. You may access the Regulations.gov Web site at <http://www.regulations.gov>. Select "Environmental Protection Agency" at the top of the page and click on the "Go" button. The list of current EPA actions available for comment will be displayed. Select the appropriate action and follow the online instructions for submitting comments. Unlike EPA's e-mail system, the Regulations.gov Web site is an "anonymous" system, which means that any personal information, e-mail address, or other contact information will not be collected unless it is provided in the text of the comment. See the Privacy Notice at the Regulations.gov Web site for further information. Please be advised that EPA cannot contact you for any necessary clarification unless your contact information is included in the body of comments submitted through the Regulations.gov Web site.

iii. *Disk or CD ROM.* You may submit comments on a disk or CD ROM that you mail to: Thomas Diggs (6PD-L), Environmental Protection Agency, 1445 Ross Avenue, Suite 700, Dallas, Texas 75202-2733. Please include the text "Public comment on ID No. NM-43-1-7600." on the disk or CD ROM. These electronic submissions will be accepted in WordPerfect, Word, or ASCII file format. You should avoid the use of special characters and any form of encryption.
