SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-48486; File No. SR-Amex-2003-74]

Self-Regulatory Organizations; Notice of Filing and Order Granting Accelerated Approval of a Proposed Rule Change by the American Stock Exchange LLC Relating to the Listing and Trading of Contingent Principal Protection Notes Linked to the Performance of the Standard & Poor's 500 Stock Index

September 11, 2003.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on August 13, 2003, the American Stock Exchange LLC ("Amex" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have

been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons and to grant accelerated approval of the proposed rule change.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to list and trade under Section 107A of the Amex Company Guide ("Company Guide") notes linked to the performance of the Standard & Poor's 500 Index ("S&P 500" or "Index").

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Amex included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item III below. The Amex has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Under Section 107A of the Company Guide, the Exchange may approve for listing and trading securities which cannot be readily categorized under the listing criteria for common and preferred stocks, bonds, debentures, or warrants.³ The Amex proposes to list for trading under Section 107A of the Company Guide notes, the performance of which is linked to the Index ("Contingent Principal Protected Notes" or "Notes").⁴ The Exchange represents that the Index value will be disseminated at least once every fifteen seconds throughout the trading day.⁵ The Index is determined, calculated and

maintained solely by S&P.⁶ The Notes will provide for an uncapped participation in the positive performance of the Index during their term while also reducing the risk exposure to the principal investment amount as long as the Index does not at any time decline to a pre-established level to be determined at the time of issuance ("Contingent Level").⁷ This Contingent Level will be a pre-determined percentage decline from the level of the Index at the close of the market on the date the Notes are priced for initial sale to the public ("Initial Level"). A decline of the Index to the Contingent Level is referred to as a "Contingent Event." If there is a Contingent Event, at any time during the term of the Notes, then at maturity, the holder's principal investment of \$1,000 will be reduced to the Contingent Level, even if the Index later rises.⁸

The Contingent Principal Protection Notes will initially conform to the listing guidelines under Section 107A,⁹ and continued listing guidelines under Sections 1001-1003,¹⁰ of the Company

⁶ Amex represents that the Index is a broad-based stock index, which provides an indication of the performance of the U.S. equity market. The Index is a capitalization-weighted index reflecting the total market value of 500 widely held component stocks relative to a particular base period. The Index is computed by dividing the total market value of the 500 stocks by an Index divisor. The Index Divisor keeps the Index comparable over time to its base period of 1941-1943 and is the reference point for all maintenance adjustments. The securities included in the Index are listed on the Amex, New York Stock Exchange, Inc. ("NYSE") or traded through Nasdaq Stock Market, Inc. ("Nasdaq"). The Index reflects the price of the common stocks of 500 companies without taking into account the value of the dividend paid on such stocks.

⁷ The issuer represents to Amex that the intended Contingent Level will be a decline in the Initial Level of between 55 to 60%. Telephone conversation between Jeffrey P. ⁹ Pursuant to Section 107A of the Company Guide, the initial listing standards for the Notes will require: (1) A market value of at least \$4 million; and (2) a term of at least one year. Because the Notes will be issued in \$1,000 denominations, the minimum public distribution requirement of one million units and the minimum holder requirement of 400 holders do not apply. In addition, the listing guidelines provide that the issuer has assets in excess of \$100 million, stockholder's equity of at least \$10 million, and pre-tax income of at least \$750,000 in the last fiscal year or in two of the three prior fiscal years. In the case of an issuer which is unable to satisfy the earning criteria stated in Section 101 of the Company Guide, the Exchange will require the issuer to have the following: (1) Assets in excess of \$200 million and stockholders' equity of at least \$10 million; or (2) assets in excess of \$100 million and stockholders' equity of at least \$20 million.

¹⁰ The Exchange's continued listing guidelines are set forth in Sections 1001 through 1003 of Part

¹ 15 U.S.C. 78s(b)(1).

⁴ Credit Suisse First Boston (USA), Inc. ("CSFB") and Standard & Poor's Corporation ("S&P") have entered into a non-exclusive license agreement providing for the use of the Index by CSFB and certain affiliates and subsidiaries in connection with certain securities including these Notes. S&P is not responsible and will not participate in the issuance and creation of the Notes.
