#### *E. How Can I Obtain a Current List of NPL Sites?*

You may obtain a current list of NPL sites via the Internet at <http://www.epa.gov/superfund/> (look under the Superfund sites category) or by contacting the Superfund Docket (see contact information above).

### **III. Contents of This Final Rule**

#### *A. Additions to the NPL*

This final rule adds 12 sites to the NPL; all to the General Superfund Section of the NPL. Table 1 presents the 12 sites in the General Superfund Section. Sites in the tables are arranged alphabetically by State.

TABLE 1.—NATIONAL PRIORITIES LIST FINAL RULE, GENERAL SUPERFUND SECTION

State	Site name	City/county

NJ	Rolling Knolls Landfill	Chatham Township
OH	Lammers Barrel	Beavercreek
OR	Harbor Oil	Portland
TX	Conroe Creosoting Company	Conroe

Number of Sites Added to the General Superfund Section: 12.

#### *B. Status of NPL*

With the 12 new sites added to the NPL in today's final rule; the NPL now contains 1,245 final sites; 1,087 in the General Superfund Section and 158 in the Federal Facilities Section. In addition, there are 54 sites proposed and awaiting final agency action, 48 in the General Superfund Section and 6 in the Federal Facilities Section. Final and proposed sites now total 1,299. (These numbers reflect the status of sites as of September 10, 2003. Site deletions occurring after this date may affect these numbers at time of publication in the **Federal Register**.)

#### *C. What Did EPA Do With the Public Comments It Received?*

EPA reviewed all comments received on the sites in this rule. The Matthiessen and Hegeler Zinc Company site was proposed on June 14, 2001 (66 FR 32287). The Lammers Barrel and Harbor Oil sites were proposed on

September 5, 2002 (67 FR 56794). All remaining sites were proposed on April 30, 2003 (68 FR 23094).

EPA responded to all relevant comments received on the following sites: Matthiessen and Hegeler Zinc, Lammers Barrel, Harbor Oil, Madison County Mines, and Jones Road Ground Water Plume sites. EPA's responses to site-specific public comments are addressed in the "Support Document for the Revised National Priorities List Final Rule—September 2003."

EPA received comments on the AMCO Chemical site that relate to suggested cleanup approaches and community involvement at the site, rather than the underlying basis for the NPL listing and therefore are not included or addressed in the "Support Document for the Revised National Priorities List Final Rule—September 2003." EPA Region 9 will work with the commenters on their concerns.

For the remaining sites, EPA received no comments or only comments supporting the listing of the sites to the

NPL and therefore, EPA is placing them on the final NPL at this time.

### **IV. Executive Order 12866**
