#### Notice of Receipt of Requests to Cancel Certain Creosote and Acid Copper Chromate Wood Preservative Products, and/or to Terminate Certain Uses of Other Creosote Products

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** In accordance with section 6(f)(1) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, EPA is issuing a notice of receipt of requests by registrants of pesticide products containing either creosote or acid copper chromate (ACC) to voluntarily cancel certain pesticide registrations and/or to amend to terminate certain uses of affected products. Specifically, the five registrants who are members of the Creosote Council III have requested to cancel the registrations for their creosote non-pressure treatment end-use products and/or to amend to terminate all non-pressure treatment uses of other creosote products. These registrants are requesting that these voluntary product cancellations and/or use terminations become effective December 31, 2004. Osmose, Inc., the sole registrant of ACC, is also requesting to immediately cancel the registration for its product with no provision for existing stocks. Neither the registrants of the affected creosote products nor that of the affected ACC product have requested any existing stocks provision. All registrants waived the 180-day comment period.

**DATES:** Unless a request is withdrawn by October 29, 2003, the Agency intends to issue orders granting these requests to
