

articles also may not receive preferential treatment during the third year because the 85 percent standard was not met in the immediately preceding (that is, second) year. However, the producer's articles are eligible for preferential treatment during the fourth year based on compliance with the 85 percent standard in the immediately preceding (that is, third) year. The producer's articles may not receive preferential treatment during the fifth year because the 75 percent standard was not met in the immediately preceding (that is, fourth) year. The producer's articles may not receive preferential treatment during the sixth year because the 85 percent standard has become applicable and was not met in the immediately preceding (that is, fifth) year. The producer's articles are eligible for preferential treatment during the seventh year because the 85 percent standard was met in the immediately preceding (that is, sixth) year, and during that seventh year the 75 percent standard is applicable for purposes of determining whether the producer's articles are eligible for preferential treatment in the following (that is, eighth) year.

Example 8. An entity controlling production (Entity A) uses five CBTPA beneficiary country producers (Producers 1–5), all of which produce only articles that meet the description in § 10.223(a)(6); Producers 1–4 send all of their production to the United States and Producer 5 sends 10 percent of its production to the United States and the rest to Europe; Producers 1–3 and Producer 5 produce only pursuant to contracts with Entity A, but Producer 4 also operates independently of Entity A by producing for several U.S. importers, one of which is an entity controlling production (Entity B) that also controls all of the production of articles of one other producer (Producer 6) which sends all of its production to the United States. A declaration of compliance prepared by Entity A must cover all of the articles of Producers 1–3 and the 10 percent of articles of Producer 5 that are sent to the United States and that portion of the articles of Producer 4 that are produced pursuant to the contract with

Entity A, because Entity A controls the production of those articles. There is no need for Producers 1–3 and Producer 5 to prepare a declaration of compliance because they have no production that is not covered by a declaration of compliance prepared by an entity controlling production. A declaration of compliance prepared by Producer 4 would cover all of its production, that is, articles produced for Entity A, articles produced for Entity B, and articles produced independently for other U.S. importers; a declaration of compliance prepared by Entity B must cover that portion of the production of Producer 4 that it controls as well as all of the production of Producer 6 because Entity B also controls all of the production of Producer 6. Producer 6 would not prepare a declaration of compliance because all of its production is covered by the declaration of compliance prepared by Entity B.

(c) *Documentation*—(1) *Initial declaration of compliance.* In order for an importer to comply with the requirement set forth in paragraph (b)(1)(iii) of this section, the producer or the entity controlling production must have filed with CBP, in accordance with paragraph (c)(4) of this section, a declaration of compliance with the applicable 75 or 85 percent requirement prescribed in paragraph (b)(1)(i) or (b)(1)(ii) of this section. After filing of the declaration of compliance has been completed, CBP will advise the producer or the entity controlling production of the distinct and unique identifier assigned to that declaration. The producer or the entity controlling production will then be responsible for advising each appropriate U.S. importer of that distinct and unique identifier for purposes of recording that identifier on the entry summary or warehouse withdrawal. In order to provide sufficient time for advising the U.S. importer of that distinct and unique identifier prior to the arrival of the

articles in the United States, the producer or the entity controlling production should file the declaration of compliance with CBP at least 10 calendar days prior to the date of the first shipment of the articles to the United States.

(2) *Amended declaration of compliance.* If the information on the declaration of compliance referred to in paragraph (c)(1) of this section is based on an estimate because final year-end information was not available at that time and the final data differs from the estimate, or if the producer or the entity controlling production has reason to believe for any other reason that the declaration of compliance that was filed contained erroneous information, within 30 calendar days after the final year-end information becomes available or within 30 calendar days after the date of discovery of the error:

(i) The producer or the entity controlling production must file with the CBP office identified in paragraph (c)(4) of this section an amended declaration of compliance containing that final year-end information or other corrected information; or

(ii) If that final year-end information or other corrected information demonstrates noncompliance with the applicable 75 or 85 percent requirement, the producer or the entity controlling production must in writing advise both the CBP office identified in paragraph (c)(4) of this section and each appropriate U.S. importer of that fact.

(3) *Form and preparation of declaration of compliance*—(i) *Form.* The declaration of compliance referred to in paragraph (c)(1) of this section may be printed and reproduced locally and must be in the following format:

CARIBBEAN BASIN TRADE PARTNERSHIP ACT DECLARATION OF COMPLIANCE FOR BRASSIERES

(19 CFR 10.223(a)(6) and 10.228)

1. Year beginning date: October 1, _____. Year ending date: September 30, _____.	Official U.S. Customs and Border Protection Use Only Assigned number: _____ Assignment date: _____
2. Identity of preparer (producer or entity controlling production): Full name and address: _____	
3. If the preparer is an entity controlling production, provide the following for each producer: Full name and address: _____	Telephone number: _____ Facsimile number: _____ Importer identification number: _____
4. Aggregate cost of fabrics formed in the United States that were used in the production of brassieres that were entered during the year: _____	
5. Aggregate declared customs value of the fabric contained in brassieres that were entered during the year: _____	
6. I declare that the aggregate cost of fabric formed in the United States was at least 75 percent (or 85 percent, if applicable under 19 CFR 10.228(b)(1)(ii)) of the aggregate declared customs value of the fabric contained in brassieres entered during the year.
