

significant environmental impacts, the Board's Section of Environmental Analysis (SEA) has determined that the preparation of an Environmental Impact Statement (EIS) is appropriate. The purpose of this Notice of Intent is to notify individuals and agencies interested in or affected by the proposed project of the decision to require an EIS. SEA will hold public scoping meetings as part of the EIS process.

SUPPLEMENTARY INFORMATION:

Background: The proposed project, known as the Central Utah Rail Project, includes construction and operation of approximately 45 miles of new rail line connecting the existing Union Pacific Railroad (UPRR) line near Levan, Utah to a proposed coal transfer terminal facility near Salina, Utah. Implementation of the proposed project would restore rail service to the Sevier Valley, providing a more direct connection to rail service for the coal industry (primarily the Southern Utah Fuels Company), provide rail service to other shippers in the Sevier Valley, and reduce the number of trucks on highways in the Sevier Valley. The EIS will analyze the potential impacts of the proposed route, the "no-build" alternative, and an alternative alignment.

Environmental Review Process: The National Environmental Policy Act (NEPA) process is intended to assist the Board and the public in identifying and assessing the potential environmental consequences of a proposed action before a decision on the proposed action is made. SEA is responsible for ensuring that the Board complies with NEPA and related environmental statutes. The first stage of the EIS process is scoping. Scoping is an open process for determining the scope of environmental issues to be addressed in the EIS. SEA will soon develop and make available a draft scope of study for the EIS and provide a period for the submission of written comments on it. Concurrently, scoping meetings will be held to provide further opportunities for public involvement and input into the scoping process. The dates, time and locations for the scoping meetings are as follows: Wednesday, October 22, 2003, 6 p.m. to 8 p.m., North Sevier High School, 350 West 400 North, Salina, Utah, School Office (435) 529-3717.

Thursday, October 23, 2003, 6 p.m. to 8 p.m., Gunnison City Hall, 38 West Center Street, Gunnison, Utah, Office (435) 528-7969.

Following the issuance of a draft scope and the comment period, SEA will issue a final scope of study for the EIS.

After issuing the final scope of study, SEA will prepare a Draft EIS (DEIS) for the project. The DEIS will address those environmental issues and concerns identified during the scoping process. It will also contain SEA's preliminary recommendations for environmental mitigation measures. The DEIS will be made available upon its completion for public and agency review and comment. SEA will prepare a Final EIS (FEIS) that considers comments on the DEIS from the public and agencies. In reaching its decision in this case, the Board will take into account the DEIS, the FEIS, and all environmental comments that are received.

[STB Docket No. AB-854X]

Allegheny & Eastern Railroad, Inc.— Abandonment Exemption—in Elk and Cameron Counties, PA

Allegheny & Eastern Railroad, Inc. (A&E), has filed a notice of exemption under 49 CFR 1152 Subpart F *Exempt Abandonments* to abandon an 18.9-mile line of railroad between milepost 131, near St. Marys, in Elk County, and milepost 149.9, southeast of Emporium, in Cameron County, PA. The line traverses United States Postal Service Zip Codes 15834 and 15857.¹

A&E has certified that: (1) No local traffic has moved over the line for at least 2 years; (2) any overhead traffic on the line can be rerouted over other lines; (3) no formal complaint filed by a user

¹ Pursuant to 49 CFR 1150.50(d)(2), the railroad must file a verified notice with the Board at least 50 days before the abandonment or discontinuance is to be consummated. While the applicant initially indicated a proposed consummation date of October 30, 2003, because the verified notice was filed on September 11, 2003, consummation may not take place prior to October 31, 2003. By letter filed on September 22, 2003, applicant's representative confirmed that the consummation date will be after October 31, 2003.

of rail service on the line (or by a state or local government entity acting on behalf of such user) regarding cessation of service over the line either is pending with the Board or with any U.S. District Court or has been decided in favor of complainant within the 2-year period; and (4) the requirements at 49 CFR 1105.7 (environmental reports), 49 CFR 1105.8 (historic reports), 49 CFR 1105.11 (transmittal letter), 49 CFR 1105.12 (newspaper publication), and 49 CFR 1152.50(d)(1) (notice to governmental agencies) have been met.

As a condition to this exemption, any employee adversely affected by the abandonment shall be protected under *Oregon Short Line R. Co.—Abandonment-Goshen*, 360 I.C.C. 91 (1979). To address whether this condition adequately protects affected employees, a petition for partial revocation under 49 U.S.C. 10502(d) must be filed. Provided no formal expression of intent to file an offer of financial assistance (OFA) has been received, this exemption will be effective on October 31, 2003, unless stayed pending reconsideration. Petitions to stay that do not involve environmental issues,² formal expressions of intent to file an OFA under 49 CFR 1152.27(c)(2),³ and trail use/rail banking requests under 49 CFR 1152.29 must be filed by October 14, 2003. Petitions to reopen or requests for public use conditions under 49 CFR 1152.28 must be filed by October 21, 2003, with: Surface Transportation Board, 1925 K Street, NW., Washington, DC 20423-0001.

A copy of any petition filed with the Board should be sent to A&E's representative: Eric M. Hocky, Gollatz, Griffin & Ewing, P.C., Four Penn Center, Suite 200, 1600 JFK Blvd., Philadelphia, PA 19103.

If the verified notice contains false or misleading information, the exemption is void *ab initio*.

A&E has filed an environmental report which addresses the abandonment's effects, if any, on the environment and historic resources. SEA will issue an environmental assessment (EA) by October 6, 2003. Interested persons may obtain a copy of

² The Board will grant a stay if an informed decision on environmental issues (whether raised by a party or by the Board's Section of Environmental Analysis (SEA) in its independent investigation) cannot be made before the exemption's effective date. See *Exemption of Out-of-Service Rail Lines*, 5 I.C.C.2d 377 (1989). Any request for a stay should be filed as soon as possible so that the Board may take appropriate action before the exemption's effective date.

³ Each OFA must be accompanied by the filing fee, which currently is set at \$1,100. See 49 CFR 1002.2(f)(25).
