

the Institute, contributions made following approval of the grant by the Institute's Board of Directors but before the beginning of the grant may be counted as match. Grantees that do not contemplate making matching contributions continuously throughout the course of a project, or on a task-by-task basis, are required to submit a schedule within 30 days after the beginning of the project period indicating at what points during the project period the matching contributions will be made. If a proposed cash or in-kind match is not fully met, the Institute may reduce the award amount accordingly to maintain the ratio of grant funds to matching funds stated in the award agreement.

2. Records for Match

All grantees must maintain records which clearly show the source, amount, and timing of all matching contributions. In addition, if a project has included, within its approved budget, contributions which exceed the required matching portion, the grantee must maintain records of those contributions in the same manner as it does Institute funds and required matching shares. For all grants made to State and local courts, the State Supreme Court has primary responsibility for grantee/subgrantee compliance with the requirements of this section. (See section IX.C.2. above.)

F. Maintenance and Retention of Records

All financial records, including supporting documents, statistical records, and all other information pertinent to grants, subgrants, cooperative agreements, or contracts under grants, must be retained by each organization participating in a project for at least three years for purposes of examination and audit. State Supreme Courts may impose record retention and maintenance requirements in addition to those prescribed in this section.

1. Coverage

The retention requirement extends to books of original entry, source documents supporting accounting transactions, the general ledger, subsidiary ledgers, personnel and payroll records, canceled checks, and related documents and records. Source documents include copies of all grant and subgrant awards, applications, and required grantee/subgrantee financial and narrative reports. Personnel and payroll records shall include the time and attendance reports for all individuals reimbursed under a grant, subgrant or contract, whether they are

employed full-time or part-time. Time and effort reports are required for consultants.

2. Retention Period

The three-year retention period starts from the date of the submission of the final expenditure report.

3. Maintenance

Grantees and subgrantees are expected to see that records of different fiscal years are separately identified and maintained so that requested information can be readily located. Grantees and subgrantees are also obligated to protect records adequately against fire or other damage. When records are stored away from the grantee's/subgrantee's principal office, a written index of the location of stored records should be on hand, and ready access should be assured.

4. Access

Grantees and subgrantees must give any authorized representative of the Institute access to and the right to examine all records, books, papers, and documents related to an Institute grant.

G. Project-Related Income

Records of the receipt and disposition of project-related income must be maintained by the grantee in the same manner as required for the project funds that gave rise to the income and must be reported to the Institute. (See section IX.H.2. below.) The policies governing the disposition of the various types of project-related income are listed below.

1. Interest

A State and any agency or instrumentality of a State, including institutions of higher education and hospitals, shall not be held accountable for interest earned on advances of project funds. When funds are awarded to subgrantees through a State, the subgrantees are not held accountable for interest earned on advances of project funds. Local units of government and nonprofit organizations that are grantees must refund any interest earned. Grantees shall ensure minimum balances in their respective grant cash accounts.

2. Royalties

The grantee/subgrantee may retain all royalties received from copyrights or other works developed under projects or from patents and inventions, unless the terms and conditions of the grant provide otherwise.

3. Registration and Tuition Fees

Registration and tuition fees may be considered as cash match with the prior

written approval of the Institute. Estimates of registration and tuition fees, and any expenses to be offset by the fees, should be included in the application budget forms and narrative.

4. Income From the Sale of Grant Products

If the sale of products occurs during the project period, the income may be treated as cash match with the prior written approval of the Institute. The costs and income generated by the sales must be reported on the Quarterly Financial Status Reports and documented in an auditable manner. Whenever possible, the intent to sell a product should be disclosed in the application or reported to the Institute in writing once a decision to sell products has been made. The grantee must request approval to recover its product development, reproduction, and dissemination costs as specified in section VIII.A.11.b.

5. Other

Other project income shall be treated in accordance with disposition instructions set forth in the grant's terms and conditions.

H. Payments and Financial Reporting Requirements

1. Payment of Grant Funds

The procedures and regulations set forth below are applicable to all Institute grant funds and grantees.

a. *Request for Advance or Reimbursement of Funds.* Grantees will receive funds on a "check-issued" basis. Upon receipt, review, and approval of a Request for Advance or Reimbursement by the Institute, a check will be issued directly to the grantee or its designated fiscal agent. A request must be limited to the grantee's immediate cash needs. The Request for Advance or Reimbursement, along with the instructions for its preparation, will be included in the official Institute award package.

b. *Continuation Awards.* For purposes of submitting Requests for Advance or Reimbursement, recipients of continuation grants should treat each grant as a new project and number the requests accordingly (*i.e.*, on a grant rather than a project basis). For example, the first request for payment from a continuation grant would be number 1, the second number 2, etc. (See Appendix B, Answers to Grantees' Frequently Asked Questions, for further guidance.)

c. *Termination of Advance and Reimbursement Funding.* When a grantee organization receiving cash advances from the Institute:
