

in order to revise its Designated Examination Authority ("DEA") Fee exemption. The text of the proposed rule change is available at the PCX and at the Commission.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the PCX included statements concerning the purpose of and basis for the proposed rule change, and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange is proposing to amend the regulatory fee portion of its Fees in order to revise the DEA Fee exemption. The Exchange currently charges a DEA fee in order to recover costs associated with regulation relative to those DEA member firms that do not conduct a certain portion of their trading activity on the PCX. The Exchange requires all traders to pay an initial registration fee of \$75 per trader and an annual fee thereafter of \$250 per trader. In addition, a \$2,000 per month examination fee applies to firms for whom the PCX is the DEA. For firms that conduct a substantial portion of their business on the Exchange floor, however, these costs are deemed to be offset by contract revenue. Thus, the Exchange allows an exemption to those member organizations that can demonstrate that at least 25% of their income was derived from on-floor activities.

The Exchange seeks to make a minor amendment to the existing DEA Fee exemption. The revised DEA Fee exemption will allow an exemption for any PCX Registered Floor Broker or Marker Maker³ that effects at least 25% of all securities transactions, as measured in contract or share volume, on the PCX Floor or any other PCX Options trading facility, including PCX Plus. The Exchange believes that this amendment more accurately reflects the application of the exemption and

references the Exchange's new trading platform, PCX Plus. The Exchange states that the underlying purpose of the exemption, recovery of costs⁴ associated with providing regulatory services to off-floor trading firms that do not conduct their trading activity on the Exchange, remains unchanged.

2. Statutory Basis

The Exchange believes that the proposal is consistent with Section 6(b) of the Act,⁵ in general, and Section 6(b)(4) of the Act,⁶ in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among its members.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments on the proposed rule change were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The proposed rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act⁷ and subparagraph (f)(2) of Rule 19b-4 thereunder,⁸ because it establishes or changes a due, fee, or other charge imposed by the Exchange. At any time within 60 days after the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act.

⁴ These include costs related to advising firms on financial reporting requirements and compliance with PCX and Commission rules. There are also extensive travel costs and more complex regulation related to such firms.
