

Therefore, these transfers should not be reported as receipts and disbursements of the labor organization. For example, do not report a transfer of cash from the labor organization's savings account to its checking account. Likewise, the use of funds reported in Item 22 (Cash) of Statement A to purchase certificates of deposit and the redemption of certificates of deposit should not be reported in Statement B.

Since Statement B reports all cash flowing in and out of the labor organization, "netting" is not permitted. "Netting" is the offsetting of receipts against disbursements and reporting only the balance (net) as either a receipt or disbursement. For example, if an officer received \$1,000 from the labor organization for convention expenses, used only \$800 and returned the remaining \$200, the \$1,000 disbursement must be reported in Schedule 11 (All Officers and Disbursements to Officers) and the appropriate disbursement Schedule 15 through 21, and the \$200 receipt must be reported in Schedule 14 (Other Receipts). It would be incorrect to report only an \$800 net disbursement to the officer.

Receipts and disbursements by an agent on behalf of the labor organization are considered receipts and disbursements of the labor organization and must be reported in the same detail as other receipts and disbursements. For example, if the labor organization owns a building managed by a rental agent, the agent's rental receipts and disbursements for expenses must be reported on the labor organization's Form LM-2. Also, if the labor organization's parent body or an intermediate body functions as an agent receiving and disbursing funds of the labor organization to third parties, these receipts and disbursements must be reported on the labor organization's Form LM-2. For example, if a parent body receives the labor organization's dues and makes disbursements from that money to pay the labor organization's bills (such as

payments to an attorney for legal services), those receipts and disbursements must be reported on the labor organization's Form LM-2.

CASH RECEIPTS

36. DUES AND AGENCY FEES – Enter the total dues including regular dues, working dues, etc. received by the labor organization. Include dues received directly by the organization from members, dues received from employers through a checkoff arrangement, and dues transmitted to the organization by a parent body or other affiliate. Report the full dues received, including any portion that will later be transmitted to an intermediate or parent body as per capita tax. Also report in Item 36 payments in lieu of dues received from any nonmember employees as a condition of employment under a union security provision in a collective bargaining agreement.

If an intermediate or parent body receives dues checkoff directly from an employer on behalf of the reporting organization, do not report in Item 36 the portion retained by that organization for per capita tax or other purposes, such as a special assessment. Any amounts retained by the intermediate body or parent body other than per capita tax must be explained in Item 69 (Additional Information). For example, if the intermediate body or parent body retained \$500 of the reporting organization's dues checkoff as payment for supplies purchased from that body by the reporting organization, this should be explained in Item 69, but the \$500 should not be reported as a receipt or disbursement on either organization's Form LM-2. If, however, the intermediate body or parent body disbursed part of the reporting organization's dues checkoff on that organization's behalf, this amount should be included in Item 36 and in the appropriate disbursement item on the reporting organization's Form LM-2. For example, if the intermediate body or parent body disbursed \$500 of the
