

disposal pits. The regulation 43 CFR 3162.3-2 divides the proposed actions into three categories:

(1) Actions that require submitting the form for approval prior to beginning work and again after completion of operations;

(2) Actions that require submitting the form only after completion; and

(3) Actions that do not require reporting.

The operator or its agent must submit the data to us. The data pertains to modifying operations conducted under the terms and provisions of an oil and gas lease (a contractual agreement between a lessee and the United States) for Federal or restricted Indian lands. In the case of a produced water disposal pit approval, the data provides the technical aspects of pit design to allow for sufficient water containment, which prevents unnecessary releases of produced water into the environment.

Based on our experience managing the activities described above, we estimate the public reporting burden for the information is 25 minutes per response. Respondents are operators and operating rights owners of Federal and Indian (except Osage) oil and gas leases. The frequency of response varies depending on the type of activities conducted at oil and gas wells and on the operations. We estimate 34,000 notices filed annually and a total annual burden of 14,167 hours.

BLM will summarize all responses to this notice and include them in the request for OMB approval. All comments will become a matter of public record.

Dated: January 31, 2003.

SUPPLEMENTARY INFORMATION:

Title: 30 CFR Part 206, Subpart E—Indian Gas (Form MMS-4411, Safety Net Report).

OMB Control Number: 1010-0103.

Bureau Form Number: Form MMS-4411.

Abstract: The Department of the Interior (DOI) is responsible for matters relevant to mineral resource development on Federal and Indian lands and the Outer Continental Shelf (OCS). The Secretary of the Interior (Secretary) is responsible for managing the production of minerals from Federal and Indian lands and the OCS, collecting royalties from lessees who produce minerals, and distributing the funds collected in accordance with applicable laws. The Secretary has an Indian trust responsibility to manage Indian lands and seek advice and information from Indian beneficiaries. MMS performs the royalty management functions and assists the Secretary in carrying out DOI's Indian trust responsibility.

On August 10, 1999, MMS published in the **Federal Register** (64 FR 43506) a final rulemaking titled "Amendments to Gas Valuation Regulations for Indian Leases," with an effective date of January 1, 2000. These regulations are codified at 30 CFR Part 206, Subpart E. Form MMS-4411, Safety Net Report, governs the valuation for royalty
