

(i.e., mandatory, voluntary, or required to obtain or retain benefits); (6) a description of the need for and proposed use of the information; (7) a categorical description of the likely respondents; and (8) an estimate of the total annual reporting burden (i.e., the estimated number of likely respondents times the proposed frequency of response per year times the average hours per response).

1. The Petroleum Supply Reporting System includes the following surveys: EIA-800, Weekly Refinery and Fractionator Report (previously Weekly Refinery Report), EIA-801, Weekly Bulk Terminal Report, EIA-802, Weekly Product Pipeline Report, EIA-803, Weekly Crude Oil Stocks Report, EIA-804, Weekly Imports Report, EIA-810, Monthly Refinery Report, EIA-811, Monthly Bulk Terminal Report, EIA-812, Monthly Product Pipeline Report, EIA-813, Monthly Crude Oil Report, EIA-814, Monthly Imports Report, EIA-816, Monthly Natural Gas Liquids Report, EIA-817, Monthly Tanker and Barge Movement Report, EIA-819, Monthly Oxygenate Report, (previously EIA-819M, Monthly Oxygenate Telephone Report), and EIA-820, Annual Refinery Report.

New Surveys Proposed

EIA-805, Weekly Terminal Blenders Report
EIA-815, Monthly Terminal Blenders Report
2. Energy Information Administration.
3. OMB Number 1905-0165.
4. Revision.
5. Mandatory.
6. EIA's Petroleum Supply Reporting System collects information needed for determining the supply and disposition of crude oil, petroleum products, and natural gas liquids. The data are published by EIA and are used by public and private analysts. Respondents are operators of petroleum refineries, blending plants, bulk terminals, crude oil and product pipelines, natural gas plant facilities, tankers, barges, and oil importers.

7. Business or other for profit; Federal Government; and State, Local or Tribal Government.

8. 83,289 hours (2,590 respondents times 19.37 responses per year times 1.66 hours per response).

The Office of Oil and Gas has made minor modifications subsequent to those proposed in the FR notice for public comments. These additional

changes are based upon comments received in response to the FR notice, along with changes in the industry.

These new changes are:

(1) EIA-819—delete the “isobutylene” category from the motor gasoline blending component production

(2) EIA-811—Add the category “unfinished oils” with the following subcategories:

- a. Naphthas and Lighter
- b. Kerosene and Light Gas Oils
- c. Heavy Gas Oils
- d. Residuum

(3) EIA-803 and EIA-813—Add a line for crude oil stocks at Cushing, Oklahoma

(4) EIA-811—Collect the volumes of ultra-low sulfur distillate fuel oil (15 ppm and under) downgraded at bulk terminals by PAD District. Downgraded volumes include motor vehicle diesel fuel that was designated as meeting the 15 ppm sulfur standard when it was produced or imported but was later commingled with motor vehicle diesel fuel meeting the 500 ppm sulfur standard. Downgrading of motor vehicle diesel fuel meeting the 15 ppm sulfur standard may occur because the fuel became mixed with higher-sulfur product in pipelines (i.e. pipeline interface/transmix) or because sulfur was picked up at other points in the petroleum distribution system (e.g. tanks, valves, manifolds) causing the fuel to exceed the 15 ppm sulfur standard.

Please refer to the supporting statement as well as the proposed forms and instructions for more information about the purpose, who must report, when to report, where to submit, the elements to be reported, detailed instructions, provisions for confidentiality, and uses (including possible nonstatistical uses) of the information. For instructions on obtaining materials, see the **FOR FURTHER INFORMATION CONTACT** section.

Statutory Authority: Section 3507(h)(1) of the Paperwork Reduction Act of 1995 (Pub. L. 104-13)(44 U.S.C. 3501 *et seq.*).

Issued in Washington, DC, October 15, 2003.

Jay H. Casselberry,

Agency Clearance Officer, Statistics and Methods Group, Energy Information Administration.

ENVIRONMENTAL PROTECTION AGENCY

[OAR-2003-0070; FRL-7574-8]

Agency Information Collection Activities; Submission to OMB for Review and Approval; Comment Request; the SunWise School Program, EPA ICR Number 1904.02, OMB Control Number 2060-0439

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this document announces that an Information Collection Request (ICR) has been forwarded to the Office of Management and Budget (OMB) for review and approval. This is a request to renew an existing approved collection. This ICR is scheduled to expire on November 30, 2003. Under OMB regulations, the Agency may continue to conduct or sponsor the collection of information while this submission is pending at OMB. This ICR describes the nature of the information collection and its estimated burden and cost.

DATES: Additional comments may be submitted on or before November 20, 2003.

ADDRESSES: Submit your comments, referencing docket ID number OAR-2003-0070, to (1) EPA online using EDOCKET (our preferred method), by email to a-and-r-Docket@epa.gov, or by mail to: EPA Docket Center, Environmental Protection Agency, Air and Radiation Docket and Information Center, Mailcode 6102T, 1200 Pennsylvania Ave., NW., Washington, DC 20460, and (2) OMB at: Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), Attention: Desk Officer for EPA, 725 17th Street, NW., Washington, DC 20503.

FOR FURTHER INFORMATION CONTACT: Kristin Kenausius, Office of Atmospheric Programs, Global Programs Division, Environmental Protection Agency, Mail Code 6205J, 1200 Pennsylvania Ave., NW., Washington, DC 20460; telephone number: (202) 564-2289; fax number: (202) 565-2095; email address: kenausius.kristin@epa.gov.

SUPPLEMENTARY INFORMATION: EPA has submitted the following ICR to OMB for review and approval according to the procedures prescribed in 5 CFR 1320.12. On May 21, 2003 (68 FR 27796), EPA sought comments on this ICR pursuant to 5 CFR 1320.8(d). EPA received no comments.
