

establishment of the Advisory Committee on Anthropogenic Sound and Marine Mammals, which would undertake a policy dialogue to review available information, identify research needs, and recommend management actions and strategies. The Commission has contracted with a team of third-party neutral facilitators who will assess the feasibility of establishing the Committee and will examine options for the format of the dialogue. The Commission will make its final determination on the need for establishing a federal advisory committee after the facilitators submit their feasibility report in November 2003. If the Commission determines that it is necessary and desirable to proceed under the Federal Advisory Committee Act, the Commission, in consultation with the contracted facilitators, will select and appoint Committee members to represent the following stakeholder and interest groups:

- Entities whose activities introduce anthropogenic sounds into the marine environment, including the academic research community, industry (shipping, oil and gas exploration, etc.), and government agencies;
- Non-governmental organizations, including environmental groups;
- Scientists with pertinent expertise; and
- Government agencies that manage or otherwise affect marine mammals.

The Commission will seek a balanced representation among interested parties. Committee members will be expected to have a high level of interest or expertise concerning the impacts of sound on marine mammals and other components of the marine environment. Additional criteria considered when selecting Committee members may include:

- Ability to attend Committee meetings;
- Decision-making authority;
- Ability to represent a constituency and communicate effectively with constituents whose interests they represent;
- Experience in collaborative policy dialogue or negotiation; and
- Likelihood of being affected by the outcome.

AGENCY: National Archives and Records Administration (NARA).

ACTION: Notice to add a new Privacy Act system of records and modify an existing system of records.

SUMMARY: The National Archives and Records Administration (NARA) proposes to add a system of records notice to its existing inventory of systems subject to the Privacy Act of 1974 (5 U.S.C. 552a), as amended. In this notice, NARA publishes NARA 37—Order Online! (NARA Online Ordering System), for comment. NARA also proposes to expand coverage in one of its existing systems, NARA 25—Order Fulfillment and Accounting System Records (OFAS), to include transmittal data received from NARA Online! (NARA Online Ordering System). Last, an obsolete reference is deleted from Appendix B, which lists NARA's system managers.

EFFECTIVE DATES: The establishment of the new system NARA 37 and changes to the existing system NARA 25 will become effective without further notice on November 20, 2003, unless comments received on or before that date cause a contrary decision. If changes are made based on NARA's review of comments received, a new final notice will be published.

ADDRESSES: Send comments to the Privacy Act Officer, Office of General Counsel (NGC), Room 3110, National Archives and Records Administration, 8601 Adelphi Road, College Park, MD, 20740-6001. You may fax your comments to 301-837-0293. You may also comment via the Internet to comments@nara.gov.

FOR FURTHER INFORMATION CONTACT: Ramona Branch Oliver, Privacy Act Officer, 301-837-2024 (voice) or 301-837-0293 (fax).

SUPPLEMENTARY INFORMATION: NARA last published a comprehensive set of Privacy Act system notices in the **Federal Register** on April 2, 2002 (67 FR 15592). NARA published two additional systems; NARA 35 and NARA 36, in the **Federal Register** on October 17, 2002 (67 FR 64142).

NARA is proposing to add NARA 37—Order Online! (NARA Online Ordering System) to its existing inventory of systems subject to the Privacy Act of 1974 (5 U.S.C. 552a), as amended. NARA 37 covers persons who order NARA products (*e.g.*

reproductions of NARA archival materials) online. NARA is also proposing to expand coverage in one of its existing systems, NARA 25—Order Fulfillment and Accounting System Records (OFAS), to include transmittal data received from NARA Online!

The notice for each of the two systems of records states the following:

- Name and the location of the record system;
- Authority for and manner of its operation;
- Categories of individuals that it covers;
- Types of records that it contains;
- Sources of information in these records;
- Proposed "routine uses" of each system of records; and
- Business address of the NARA official who will inform interested persons of the procedures they must follow to gain access to and correct records pertaining to themselves.

Last, a reference to an obsolete NARA unit is deleted from Appendix B, which lists NARA's systems managers. Appendix A, which identifies routine uses of NARA's systems of records, remains unchanged.

One of the purposes of the Privacy Act, as stated in section 2(b)(4) of the Act, is to provide certain safeguards for an individual against an invasion of personal privacy by requiring Federal agencies to disseminate any record of identifiable personal information in a manner that assures that such action is for a necessary and lawful purpose, that information is current and accurate for its intended use, and that adequate safeguards are provided to prevent misuse of such information. NARA intends to follow these principles in transferring information to another agency or individual as a "routine use", including assurance that the information is relevant for the purposes for which it is transferred.
