

portability), item 12 (dialing parity), and item 14 (resale).

14. *Section 272 Compliance.* Based on the record, the Commission concludes that SBC has demonstrated that it will comply with the requirements of section 272. Significantly, SBC provides evidence that it maintains the same structural separation and nondiscrimination safeguards in the four states as it does in Texas, Kansas, Oklahoma, Missouri, Arkansas, California, and Michigan.

15. *Public Interest Analysis.* The Commission concludes that approval of this application is consistent with the public interest. From its extensive review of the competitive checklist, which embodies the critical elements of market entry under the Act, the Commission finds that barriers to competitive entry in the local exchange markets have been removed and the local exchange markets in Illinois, Indiana, Ohio and Wisconsin today are open to competition. The Commission further finds that the record confirms its view, as set forth in prior section 271 orders, that BOC entry into the long distance market will benefit consumers and competition if the relevant local exchange market is open to competition consistent with the competitive checklist. Finally, the Commission finds that SBC's performance plans in each of the four states provide assurance of future compliance.

16. *Section 271(d)(6) Enforcement Authority.* Working with the four state commissions, the Commission intends to closely monitor SBC's post-approval compliance to ensure that SBC continues to meet the conditions required for section 271 approval. It stands ready to exercise its various statutory enforcement powers quickly and decisively in appropriate circumstances to ensure that the local market remains open in Illinois, Indiana, Ohio and Wisconsin.
