

4. Reverse engineering and development of countermeasures are concerns if the hardware and releasable technical data are compromised to a competent adversary; however, Greece can provide substantially the same degree of protection for the technology being released as the U.S. Government.

5. A determination has been made that Greece can provide substantially the same degree of protection for the sensitive technology being released as the U.S. Government. This sale is necessary in furtherance of the U.S. foreign policy and national security objectives outlined in the Policy Justification.
