

major new source review. Major new source review will continue through the PSD program. Thus, the State has met the minimum requirement.

In addition to the minimum requirements, the Grants Pass maintenance plan contains a contingency plan that consists of two phases. Phase I is triggered if any PM-10 concentration equals or exceeds 120 µg/m<sup>3</sup>, 24-hour average. Phase I would require a review of the conditions that caused the high concentrations and recommendations of strategies to address them. Phase 2 of the

contingency plan is triggered upon recording a violation of the 24-hour PM-10 standard. Phase 2 of the contingency plan would require the implementation of strategies identified in Phase I as well as nonattainment permitting requirements for all new or modified major sources.

#### *O. Transportation Conformity*

Section 176(c)(2)(A) of the CAA requires regional transportation plans to be consistent with the motor vehicle emissions budget (MVEB) contained in the applicable air quality plans for the Grants Pass area. Unless EPA receives

adverse comments on the MVEB for Grants Pass, the motor vehicle emissions budget is deemed adequate to maintain the PM-10 standards through the maintenance year of 2015. The Oregon Department of Transportation, and the U.S. Department of Transportation are required to use the MVEB in this maintenance plan for future transportation conformity determinations.

The MVEB to protect the 24-hour National Ambient Air Quality Standards for PM-10 is proposed for approval for Grants Pass as follows:

#### GRANTS PASS PM<sub>10</sub> MOTOR VEHICLE EMISSIONS BUDGET (POUNDS PER WINTER DAY)

Year .....	2000	2005	2010	2015
MVEB .....	5664	6048	6431	6813

Note that MVEB for intervening years must be interpolated. The TSD summarizes how the MVEBs meets the adequacy criteria contained in the transportation conformity rule (40 CFR 93.118(e)(4)).

#### **VI. Final Action**

EPA is approving the Grants Pass PM-10 maintenance plan and redesignating the Grants Pass, Oregon PM10 nonattainment area to attainment.

#### **VII. General Information**

##### *A. How Can I Get Copies of This Document and Other Related Information?*

1. The Regional Office has established an official public rulemaking file available for inspection at the Regional Office, under Docket number OR-02-003. The official public file consists of the documents specifically referenced in this action, and other information related to this action. The official public rulemaking file is available for public viewing at the Office of Air Quality, (OAQ-107), EPA Region 10, 1200 Sixth Avenue, Seattle, WA 98101. EPA requests that, if at all possible, you contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to schedule your inspection. EPA's official hours of business are Monday through Friday, 8:30 a.m. to 4:30 p.m., excluding Federal Holidays.

2. Copies of the State submission and EPA's technical support document are also available for public inspection during normal business hours, by appointment at the Oregon Department of Environmental Quality, 811 SW. Sixth Avenue, Portland, Oregon 97204-1390.

3. **Electronic Access.** You may access this **Federal Register** document electronically through the Regulations.gov Web site located at <http://www.regulations.gov> where you can find, review, and submit comments on Federal rules that have been published in the **Federal Register**, the Government's legal newspaper, and are open for comment.

For public commenters, it is important to note that EPA's policy is that public comments, whether submitted electronically or on paper, will be made available for public viewing at the EPA Regional Office, as EPA receives them and without change, unless the comment contains copyrighted material, CBI, or other information whose disclosure is restricted by statute. When EPA identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in the official public rulemaking file. The entire printed comment, including the copyrighted material, will be available at the Regional Office for public inspection.

##### *B. How and to Whom Do I Submit Comments?*

You may submit comments electronically, by mail, or through hand delivery/courier. To ensure proper receipt by EPA, identify the appropriate rulemaking identification number by including the text "Public comment on proposed rulemaking OR-02-003" in the subject line on the first page of your comment. Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be marked "late." EPA is not

required to consider these late comments.

1. **Electronically.** If you submit an electronic comment as prescribed below, EPA recommends that you include your name, mailing address, and an e-mail address or other contact information in the body of your comment. Also include this contact information on the outside of any disk or CD ROM you submit, and in any cover letter accompanying the disk or CD ROM. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. EPA's policy is that EPA will not edit your comment, and any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

a. **E-mail.** You may send comments by electronic mail (e-mail) to [r10.aircom@epa.gov](mailto:r10.aircom@epa.gov), please including the text "Public comment on proposed rulemaking OR-02-003" in the subject line. EPA's e-mail system is not an "anonymous access" system. If you send an e-mail comment directly without going through Regulations.gov, EPA's e-mail system automatically captures your e-mail address. E-mail addresses that are automatically captured by EPA's e-mail system are included as part of the comment that is placed in the official public docket.

b. **Regulations.gov.** You may use Regulations.gov as an alternative method to submit electronic comments
