Fish and Wildlife Service

Notice of Availability of a Draft Environmental Assessment Entitled: Proposal To Implement Candidate Conservation Agreements and Conservation Measures for Eastern Massasaugas in States Within Region 3 of the U.S. Fish and Wildlife Service

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability.

SUMMARY: This notice advises the public and other agencies of the availability of a draft Environmental Assessment (EA) and that the U.S. Fish and Wildlife Service (Service) is seeking public comment on this draft EA. The eastern massasauga (*Sistrurus catenatus catenatus*, hereafter massasauga) is a Federal candidate species for listing under the Endangered Species Act of 1973, as amended. The purpose of the EA is to evaluate the environmental consequences of implementing different strategies for conserving the remaining massasauga populations in Region 3. The Service believes that implementing adequate conservation efforts during the candidate stage may be sufficient to preclude the need to Federally list the subspecies.

DATES: Written comments must be received on or before November 26, 2003.

ADDRESSES: Written comments can be mailed to the address or fax number below. Electronic mail comments should be submitted to: fw3_massasauga@fws.gov.
