Grain Inspection, Packers and Stockyards Administration

7 CFR Part 800

RIN 0580–AA58

Review Inspection Requirements

AGENCY: Grain Inspection, Packers and Stockyards Administration, USDA.

ACTION: Final rule.

SUMMARY: The Grain Inspection, Packers and Stockyards Administration (GIPSA) is amending the regulations under the United States Grain Standards Act (Act), as amended, to allow interested persons to specify the quality factor(s) that would be redetermined during a reinspection or appeal inspection for grade. Currently, reinspections and appeal inspections for grade must include a redetermination (*i.e.*, a complete review or examination) of all official factors that may determine the grade, are reported on the original certificate, or are required to be shown. Requiring that all quality factors be completely reexamined during a reinspection or appeal inspection is not efficient, is time consuming, and can be costly. Furthermore, a detailed review of the preceding inspection service is not always needed to confirm the quality of the grain. This action will allow interested parties to specify which official factor(s) should be redetermined during the reinspection or appeal inspection service.

EFFECTIVE DATE: November 28, 2003.
