Replace in its entirety:

The Office of Audit (OA) (S8C) conducts comprehensive financial and performance audits of SSA's programs and operations and makes recommendations to ensure that program objectives and operational functions are achieved effectively and efficiently. Financial audits, required by the Chief Financial Officers' Act of 1990, assess whether SSA's financial statements fairly present the Agency's financial position, results of operations, and cash flow. Performance audits review the economy, efficiency, and effectiveness of SSA's programs and operations. OA also conducts short-term management and program evaluations focused on issues of concern to SSA, the Congress, and the general public. Evaluations often focus on identifying and recommending ways to prevent and minimize program and operational fraud, waste, and abuse as well as ineffectiveness and inefficiency, rather than detecting problems after they occur.
