§ 247.9 Eligibility requirements.

(a) *Who is eligible for CSFP?* To be eligible for CSFP, individuals must fall into one of the following population groups:

(1) Infants, *i.e.*, persons under one year of age.

(2) Children, *i.e.*, persons who are at least one year of age but have not reached their sixth birthday.

(3) Pregnant women.

(4) Breastfeeding women, up to one year after giving birth (post-partum).

(5) Post-partum women, up to one year after termination of pregnancy.

(6) Elderly persons, *i.e.*, persons at least 60 years of age.

(b) *What are the income eligibility requirements for women, infants, and children?* (1) The State agency must establish household income limits that are at or below 185 percent of the Federal Poverty Income Guidelines published annually by the Department of Health and Human Services, but not below 100 percent of these guidelines. However, the State agency must accept as income-eligible, regardless of actual income, any applicant who is:

(i) Certified as eligible to receive food stamps under the Food Stamp Act of 1977 (7 U.S.C. 2011 *et seq.*), Temporary Assistance for Needy Families (TANF) under Part A of Title IV of the Social Security Act (42 U.S.C. 601 *et seq.*), or Medical Assistance (*i.e.*, Medicaid) under Title XIX of the Social Security Act (42 U.S.C. 1396 *et seq.*).

(ii) A member of a family that is certified eligible to receive assistance under TANF, or a member of a family in which a pregnant woman or an infant is certified eligible to receive assistance under Medicaid.

(2) The State agency may consider women, infants, and children participating in another Federal, State, or local food, health, or welfare program as automatically eligible for CSFP if the income eligibility limits for the program are equal to or lower than the established CSFP limits.

(3) For a pregnant woman, the State agency must count each embryo or fetus in utero as a household member in determining if the household meets the income eligibility standards.

(c) *What are the income eligibility requirements for elderly persons?* The State agency must use a household income limit at or below 130 percent of the Federal Poverty Income Guidelines. Elderly persons in households with income at or below this level must be considered eligible for CSFP benefits (assuming they meet other requirements). However, elderly persons certified before September 17, 1986 (*i.e.*, under the three elderly pilot projects) must remain subject to the eligibility criteria in effect at the time of their certification.

(d) *When must the State agency revise the CSFP income guidelines to reflect the annual adjustments of the Federal Poverty Income Guidelines?* Each year, FNS will notify State agencies, by memorandum, of adjusted income guidelines by household size at 185 percent, 130 percent, and 100 percent of

the Federal Poverty Income Guidelines. The memorandum will reflect the annual adjustments to the Federal Poverty Income Guidelines issued by the Department of Health and Human Services. The State agency must implement the adjusted guidelines for elderly applicants immediately upon receipt of the memorandum. However, for women, infants, and children applicants, the State agency must implement the adjusted guidelines at the same time that the State WIC agency implements the adjusted guidelines in WIC.

(e) *How is income defined and considered as it relates to CSFP eligibility?* (1) Income means gross income before deductions for such items as income taxes, employees' social security taxes, insurance premiums, and bonds.

(2) The State agency may exclude from consideration the following sources of income listed under the WIC regulations at § 246.7(d)(2)(iv) of this chapter:

(i) Any basic allowance for housing received by military services personnel residing off military installations.

(ii) The value of inkind housing and other inkind benefits.

(3) The State agency must exclude from consideration all income sources excluded by legislation, which are listed in § 246.7(d)(2)(iv)(C) of this chapter. FNS will notify State agencies of any new forms of income excluded by statute through program policy memoranda.

(4) The State agency may authorize local agencies to consider the household's average income during the previous 12 months and current household income to determine which more accurately reflects the household's status. In instances in which the State makes the decision to authorize local agencies to determine a household's income in this manner, all local agencies must comply with the State's decision and apply this method of income determination in situations in which it is warranted.

(f) *What other options does the State agency have in establishing eligibility requirements for CSFP?* (1) The State agency may require that an individual be at nutritional risk, as determined by a physician or by local agency staff.

(2) The State agency may require that an individual reside within the service area of the local agency at the time of application for CSFP benefits. However, the State agency may not require that an individual reside within the area for any fixed period of time.
