

reports of child pornography that are forwarded from the National Center for Missing and Exploited Children under the provisions of 42 U.S.C. 13032.

**§ 81.12 Submission of reports to the "Cyber Tipline" at the National Center for Missing and Exploited Children.**

(a) When a provider of electronic communications services or remote computing services to the public ("provider") obtains knowledge of facts or circumstances concerning an apparent violation of Federal child pornography statutes designated by 42 U.S.C. 13032(b)(1), it shall, as soon as reasonably possible, report all such facts or circumstances to the "Cyber Tipline" at the National Center for Missing and Exploited Children Web site (<http://www.CyberTipline.com>), which contains a reporting form for use by providers.

(b) A provider should initially call the National Center for Missing and Exploited Children to receive an identification number and a password that will enable it to log on to the section of the "Cyber Tipline" that is designed for provider reporting.

**§ 81.13 Submission of reports by the National Center for Missing and Exploited Children to designated agencies; designation of agencies.**

When the National Center for Missing and Exploited Children receives a report from a provider concerning an apparent violation of Federal child pornography statutes specified in 42 U.S.C. 13032(b)(1), it shall immediately forward that report, to the Federal Bureau of Investigation, the Bureau of Immigration and Customs Enforcement, the United States Postal Inspection Service, and the United States Secret Service, designated pursuant to 42 U.S.C. 13032(b)(2).

Dated: October 27, 2003.

**50 CFR Part 622**

[Docket No. 001005281-0369-02; I.D. 102803B]

**Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; Coastal Migratory Pelagic Resources of the Gulf of Mexico and South Atlantic; Trip Limit Reduction**

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Trip limit reduction.

**SUMMARY:** NMFS reduces the trip limit in the commercial hook-and-line fishery for king mackerel in the northern Florida west coast subzone to 500 lb (227 kg) of king mackerel per day in or from the exclusive economic zone (EEZ). This trip limit reduction is necessary to protect the Gulf king mackerel resource.

**DATES:** This rule is effective 12:01 a.m., local time, October 30, 2003, through June 30, 2004, unless changed by further notification in the **Federal Register**.

**FOR FURTHER INFORMATION CONTACT:**

Mark Godcharles, telephone 727-570-5727, fax 727-570-5583, e-mail [Mark.Godcharles@noaa.gov](mailto:Mark.Godcharles@noaa.gov).

**SUPPLEMENTARY INFORMATION:** The fishery for coastal migratory pelagic fish (king mackerel, Spanish mackerel, cero, cobia, little tunny, dolphin, and, in the Gulf of Mexico only, bluefish) is managed under the Fishery Management Plan for the Coastal Migratory Pelagic Resources of the Gulf of Mexico and South Atlantic (FMP). The FMP was prepared by the Gulf of Mexico and South Atlantic Fishery Management Councils (Councils) and is implemented under the authority of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act) by regulations at 50 CFR part 622.

Based on the Councils' recommended total allowable catch and the allocation ratios in the FMP, on April 30, 2001 (66 FR 17368, March 30, 2001), NMFS implemented a commercial quota of 2.25 million lb (1.02 million kg) for the eastern zone (Florida) of the Gulf migratory group of king mackerel. That quota is further divided into separate quotas for the Florida east coast subzone and the northern and southern Florida west coast subzones. On April 27, 2000, NMFS implemented the final rule (65

FR 16336, March 28, 2000) that divided the Florida west coast subzone of the eastern zone into northern and southern subzones, and established their separate quotas. The quota for the northern Florida west coast subzone is 168,750 lb (76,544 kg) (50 CFR 622.42(c)(1)(i)(A)(2)(ii)).

In accordance with 50 CFR 622.44(a)(2)(ii)(B), from the date that 75 percent of the northern Florida west coast subzone's quota has been harvested until a closure of the subzone's fishery has been effected or the fishing year ends, king mackerel in or from the EEZ may be possessed on board or landed from a permitted vessel in amounts not exceeding 500 lb (227 kg) per day.

NMFS has determined that 75 percent of the quota for Gulf group king mackerel from the northern Florida west coast subzone has been reached. Accordingly, a 500-lb (227-kg) trip limit applies to vessels in the commercial fishery for king mackerel in or from the EEZ in the northern Florida west coast subzone effective 12:01 a.m., local time, October 30, 2003. The 500-lb (227-kg) trip limit will remain in effect until the fishery closes or until the end of the current fishing year (June 30, 2004), whichever occurs first.

The Florida west coast subzone is that part of the eastern zone south and west of 25°20.4' N. lat. (a line directly east from the Miami-Dade County, FL, boundary). The Florida west coast subzone is further divided into northern and southern subzones. The northern subzone is that part of the Florida west coast subzone that is between 26°19.8' N. lat. (a line directly west from the Lee/Collier County, FL boundary) and 87°31'06' W. long. (a line directly south from the Alabama/Florida boundary).

**Classification**

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA, (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such prior notice and opportunity for public comment is contrary to the public interest. Allowing prior notice and opportunity for public comment is contrary to the public interest because of the need to immediately implement this action in order to protect the fishery since the capacity of the fishing fleet allows for rapid harvest of the quota. Prior notice and opportunity for public comment will require time and would potentially
