

years; (2) the continued application of the antidumping duty order is not otherwise necessary to offset dumping; and, (3) the company has agreed to its immediate reinstatement in the order if the Department concludes that the company, subsequent to the revocation, sold subject merchandise at less than NV.

Based on our analysis of the sales and factors of production information

submitted by Hangzhou, we preliminarily determine that Hangzhou sold the subject merchandise in the United States below normal value during the POR. Thus, we find that Hangzhou has not sold the subject merchandise below NV for a period of at least three consecutive years. Therefore, pursuant to 19 CFR 351.222(b)(2), we preliminarily

determine that Hangzhou does not qualify for revocation of the order on HSLWs from the PRC and that the order, with respect to Hangzhou, should not be revoked.

Preliminary Results of Review

We preliminarily determine that the following dumping margin exists:

Manufacturer/exporter	Time period	Margin (percent)
Hang Zhou Spring Washer Co. Ltd./Zhejiang Wanxin Group, Ltd	10/1/01–9/30/02	29.03

The Department shall determine, and the U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries. Upon completion of this administrative review, the Department will determine, and the CBP shall assess, antidumping duties on all appropriate entries. In accordance with 19 CFR 351.212(b)(1), we have calculated an exporter/importer (or customer)-specific assessment rate for merchandise subject to this review. We calculated importer (or customer)-specific *ad valorem* rates by aggregating the dumping duties due for all U.S. sales to each importer (or customer) and dividing this amount by the total entered value of the sales to that importer (or customer). In accordance with the requirement set forth in 19 CFR 351.106(c)(2), where an importer (or customer)-specific *ad valorem* rate is less than *de minimis*, we will direct the CBP to liquidate without regard to antidumping duties. Where an importer (or customer)-specific *ad valorem* rate is greater than *de minimis*, we will direct the CBP to apply the *ad valorem* assessment rates against the entered value of each of the importer's/ customer's entries during the review period. All other entries of the subject merchandise during the POR will be liquidated at the antidumping duty rate in place at the time of entry.

Furthermore, the following cash deposit rates will be effective upon publication of the final results for all shipments of HSLWs from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(1) of the Act: (1) For Hangzhou, which has a separate rate, the cash deposit rate will be the company-specific rate established in the final results of review; (2) for all other PRC exporters, the cash deposit rate will be the PRC rate, 128.63 percent, which is the "All Other PRC Manufacturers, Producers and Exporters" rate from the

Final Determination of Sales at Less Than Fair Value: Certain Helical Spring Lock Washers from the People's Republic of China, 58 FR 48833 (September 20, 1993); and, (3) for non-PRC exporters of subject merchandise from the PRC, the cash deposit rate will be the rate applicable to the PRC supplier of that exporter. These deposit rates, when imposed, shall remain in effect until publication of the final results of the next administrative review.

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.
