

Dated: November 4, 2003.

Angela C. Arrington,

Leader, Regulatory Information Management  
Group, Office of the Chief Information Officer.

### Office of Innovation and Improvement

Type of Review: Reinstatement.

Title: Magnet Schools Assistance  
Program Application for Grants.

Frequency: Comp/once every three  
years.

Affected Public: State, Local, or Tribal  
Gov't, SEAs or LEAs.

Reporting and Recordkeeping Hour  
Burden:

Responses: 150.

Burden Hours: 6,000.

Abstract: The application is used by  
local education agencies to apply for  
grants under the Magnet Schools  
Assistance Program. Information in  
funded applications is used to describe  
to the public how grant funds are being  
used, for program evaluation, and as a  
basis for project monitoring.

This information collection is being  
submitted under the Streamlined  
Clearance Process for Discretionary  
Grant Information Collections (1890–  
0001). Therefore, the 30-day public  
comment period notice will be the only  
public comment notice published for  
this information collection.

Requests for copies of the submission  
for OMB review; comment request may  
be accessed from [http://  
edicsweb.ed.gov](http://edicsweb.ed.gov), by selecting the  
“Browse Pending Collections” link and  
by clicking on link number 2372. When  
you access the information collection,  
click on “Download Attachments” to  
view. Written requests for information  
should be addressed to Vivian Reese,  
Department of Education, 400 Maryland  
Avenue, SW., Room 4050, Regional  
Office Building 3, Washington, DC  
20202–4651 or to the e-mail address  
[vivan.reese@ed.gov](mailto:vivan.reese@ed.gov). Requests may also  
be electronically mailed to the internet  
address [OCIO\\_RIMG@ed.gov](mailto:OCIO_RIMG@ed.gov) or faxed to  
202–708–9346. Please specify the  
complete title of the information  
collection when making your request.

Comments regarding burden and/or  
the collection activity requirements  
should be directed to Kathy Axt at her  
e-mail address, [Kathy.Axt@ed.gov](mailto:Kathy.Axt@ed.gov).  
Individuals who use a  
telecommunications device for the deaf  
(TDD) may call the Federal Information  
Relay Service (FIRS) at  
1–800–877–8339.

### DEPARTMENT OF ENERGY

#### Office of Nonproliferation Policy; Proposed Subsequent Arrangement

AGENCY: Department of Energy.

ACTION: Notice of subsequent  
arrangement.

SUMMARY: This notice has been issued  
under the authority of Section 131 of the  
Atomic Energy Act of 1954, as amended  
(42 U.S.C. 2160). The Department is  
providing notice of a proposed  
“subsequent arrangement” under the  
Agreement for Cooperation Concerning  
Civil Uses of Atomic Energy between  
the United States and Canada and  
Agreement for Cooperation in the  
Peaceful Uses of Nuclear Energy  
between the United States and the  
European Atomic Energy Community  
(EURATOM).

This subsequent arrangement  
concerns the retransfer of 266,197 kg of  
U.S.-origin natural uranium  
hexafluoride, 180,000 kg of which is  
uranium, from Cogema Resources Inc.,  
Saskatoon, Saskatchewan, Canada to  
Eurodif Production, Pierrelatte France.  
The material, which is now located at  
Cameco Corp., Port Hope, Ontario, will  
be transferred to Eurodif for enrichment.  
Upon completion of the enrichment, the  
material will be retransferred to the  
Kansai Electric Power Co. Inc, Osaka,  
Japan, the Chugoku Electric Power Co.  
Inc, Hiroshima, Japan, and the Tohoku  
Electric Power Co Inc., Miyagi, Japan for  
use as fuel. The uranium hexafluoride  
was originally obtained by the Cameco  
Corp. from Power Resources, Inc.  
pursuant to export license number  
XSOU8744.

In accordance with Section 131 of the  
Atomic Energy Act of 1954, as amended,  
we have determined that this  
subsequent arrangement is not inimical  
to the common defense and security.

This subsequent arrangement will  
take effect no sooner than fifteen days  
after the date of publication of this  
notice.

For the Department of Energy.

Trisha Dedik,

Director, Office of Nonproliferation Policy.

### DEPARTMENT OF ENERGY

#### Office of Energy Efficiency and Renewable Energy

#### Energy Conservation Program for Consumer Products: Granting of the Application for Interim Waiver and Publishing of the Petition for Waiver of Fisher & Paykel Appliances Limited From the DOE Clothes Washer Test Procedure

AGENCY: Office of Energy Efficiency and  
Renewable Energy, Department of  
Energy.

ACTION: Notice of petition for waiver and  
solicitation of comments.

SUMMARY: Today's notice grants an  
Interim Waiver to Fisher & Paykel  
Appliances Limited (Fisher & Paykel),  
publishes Fisher & Paykel's Petition for  
Waiver from the existing Department of  
Energy (DOE or Department) clothes  
washer test procedure for its IW model  
clothes washer which has an adaptive  
control system, and seeks comment on  
that Petition for Waiver. The DOE  
clothes washer test procedure requires  
manufacturers of non-conventional  
clothes washers with adaptive control  
systems other than adaptive water fill  
control systems to seek such a waiver.

Fisher & Paykel seeks a waiver  
because its clothes washer model IW  
has an adaptive control system with two  
sensing modes, water level sensing and  
fabric sensing, to assess the type of load  
in the washer. This model does not have  
the conventional “normal” cycle used  
by the DOE clothes washer test  
procedure set forth in 10 CFR part 430,  
subpart B, appendix J, or the energy test  
cycle for washing cotton or linen clothes  
used in Appendix J1. Instead, Fisher &  
Paykel seeks to test the washer by  
determining a cycle that is equivalent to  
the normal cycle and the energy test  
cycle. The company proposes to test the  
default cycle that begins when a user  
pushes the power button to start the  
washer. This default cycle is the  
midpoint of the five settings controlled  
by the washer's “How Dirty” button,  
setting three. This waiver seeks only to  
confirm which test cycle to use. Fisher  
& Paykel will then follow the remaining  
steps of the existing test procedure to  
determine the energy consumption of  
the clothes washer. The Department is  
soliciting comments, data, and  
information regarding the Petition for  
Waiver.

DATES: The Department will accept  
comments, data, and information  
regarding this Petition for Waiver not  
later than December 8, 2003.
