AGENCY: Agency for Toxic Substances and Disease Registry (ATSDR), U.S. Department of Health and Human Services (HHS).

ACTION: Notice.

SUMMARY: The Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA or Superfund), as amended by the Superfund Amendments and Reauthorization Act (SARA), requires that ATSDR and the Environmental Protection Agency (EPA) revise the Priority List of Hazardous Substances. This list includes substances most commonly found at facilities on the CERCLA National Priorities List (NPL) which have been determined to be of greatest concern to public health at or around these NPL hazardous waste sites. This announcement provides notice that the agencies have developed and are making available a revised CERCLA Priority List of 275 Hazardous Substances, based on the most recent information available. Each substance on the priority list is a candidate to become the subject of a toxicological profile prepared by ATSDR and subsequently a candidate for the identification of priority data needs.

In addition to the Priority List of Hazardous Substances, ATSDR has developed a Completed Exposure Pathway Site Count Report. This report lists the number of sites or events with ATSDR activities where a substance has been found in a completed exposure pathway (CEP). This report is included in the Support Document of the Priority List.

ADDRESSES: Requests for a copy of the report, the 2003 CERCLA Priority List of Hazardous Substances That Will Be The Subject of Toxicological Profiles and Support Document, including the CEP report, should bear the docket control number ATSDR-196, and should be submitted to: ATSDR Information Center, Division of Toxicology, Mail Stop E-29, 1600 Clifton Rd., N.E., Atlanta, Georgia 30333. Requests must be in writing.

Electronic Availability: The 2003 Priority List of Hazardous Substances will be posted on ATSDR's World-Wide Web server on the Internet located at <http://www.atsdr.cdc.gov/clist.html>. The CEP Report will also be posted at <http://www.atsdr.cdc.gov/cep.html>.

This is an informational notice only, and comments are not being solicited at this time. However, any comments received will be considered for inclusion in the next revision of the list and placed in a publicly accessible docket; therefore, please do not submit confidential business or other confidential information.
