#### Expert Panel Meeting Planned

The CERHR will hold an expert panel meeting March 3–5, 2004, at the Holiday Inn Old Town Select, 480 King Street, Alexandria, VA 22314 (telephone: 703–549–6080, facsimile: 684–6508). The CERHR has asked the expert panel to review the scientific evidence regarding the potential reproductive and/or developmental toxicity associated with exposure to fluoxetine. The expert panel will review and revise the draft expert panel report and reach conclusions regarding whether exposure to fluoxetine is a hazard to human development or reproduction. The expert panel will also identify data gaps and research needs.

This meeting is open to the public and attendance is limited only by the available meeting room space. The meeting will begin at 8:30 a.m. each day. On March 3 and 4, it is anticipated that a lunch break will occur from noon–1 p.m. and that the meeting will adjourn 5–6 p.m. The meeting is expected to adjourn by noon on March 5; however, adjournment may occur earlier or later depending upon the time needed by the expert panel to complete its work. Anticipated agenda topics for each day are listed below. Following the expert panel meeting and completion of the expert panel report, the CERHR will post the report on its website and solicit public comment through a **Federal Register** notice.

Review of sections 1–4 of the draft expert panel report on fluoxetine  
Discussion of Section 5.0 Summary, Conclusions, and Critical Data Needs

##### March 4, 2004

Discussion of Section 5.0 Summary, Conclusions, and Critical Data Needs  
Preparation of draft summaries and conclusion statements

##### March 5, 2004

Presentation, discussion of, and agreement on summaries and conclusions  
Closing comments

#### Oral Public Comments Welcome at Expert Panel Meeting

Time is set aside on March 3, 2004, for the presentation of oral public comments at the expert panel meeting. To facilitate planning, those persons wishing to make oral public comments are asked to contact Dr. Shelby by February 25 (contact information provided above). Seven minutes will be available for each speaker (one speaker per organization). When registering to comment orally, please provide your name, affiliation, mailing address, telephone and facsimile numbers, e-mail and sponsoring organization (if any). If possible, also send a copy of the statement or talking points to Dr. Shelby by February 25. This information will be provided to the expert panel to assist them in identifying issues for discussion and will be noted in the meeting record. Registration for presentation of oral comments will also be available at the meeting on March 3, 2004 (7:30–8:30 a.m.). Those persons registering at the meeting are asked to bring 20 copies of their statement or talking points for distribution to the expert panel and for the record.

#### Fluoxetine Expert Panel

The CERHR expert panel is composed of independent scientists selected for their scientific expertise in reproductive and/or developmental toxicology and other areas of science relevant for this review.

#### Background Information on the CERHR

The NTP established the NTP CERHR in June 1998 [**Federal Register**, December 14, 1998 (Volume 63, Number 239, page 68782)]. The CERHR is a publicly accessible resource for information about adverse reproductive and/or developmental health effects associated with exposure to environmental and/or occupational exposures. Expert panels conduct scientific evaluations of agents selected by the CERHR in public forums.

The CERHR invites the nomination of agents for review or scientists for its expert registry. Information about CERHR and the nomination process can be obtained from its Home page (<http://cerhr.niehs.nih.gov>) or by contacting Dr. Shelby (contact information provided above). The CERHR selects chemicals for evaluation based upon several factors including production volume, extent of human exposure, public concern, and published evidence of reproductive or developmental toxicity.

CERHR follows a formal, multi-step process for review and evaluation of selected chemicals. The formal evaluation process was published in the **Federal Register** notice July 16, 2001 (Volume 66, Number 136, pages 37047–37048) and is available on the CERHR Web site under “About CERHR” or in printed copy from the CERHR.

Dated: October 31, 2003.
