

equity compensation plans applicable only to shareholder meetings that occur on or after the 90th day from the effective date of the Exchange's proposal.

#### *I. Summary*

Overall, the Commission believes that the Exchange's proposal is similar to the NYSE and Nasdaq's recently approved shareholder approval rules.<sup>22</sup> The Commission therefore believes that the Exchange's proposal should provide for more clear and uniform standards for shareholder approval of equity compensation plans. The Commission notes that, even with the availability of the proposed limited exemptions from shareholder approval under the Exchange's proposal, shareholder approval under the new standards would be required in more circumstances than under existing Exchange rules. The Commission further notes that the Exchange proposes to adopt a requirement that an issuer must notify it in writing when it uses one of the exemptions from the shareholder approval requirements. The Commission believes that such a requirement, coupled with the additional disclosure requirements for inducement grants, should reduce the potential for abuse of any of the exemptions.<sup>23</sup> In addition, the Exchange's proposed amendment to PCXE Rule 9.4, which would preclude broker-dealers from voting on equity compensation plans without explicit instructions from the beneficial owner, is consistent with the standard under current NYSE and NASD rules.

The Commission believes that the Exchange's proposal, which is similar to the NYSE and Nasdaq's shareholder approval rules,<sup>24</sup> sets a consistent, minimum standard for shareholder approval of equity compensation plans. The Commission believes that the Exchange's proposal should help to ensure that companies will not make listing decisions simply to avoid shareholder approval requirements for equity compensation plans and should provide shareholders with greater protection from the potential dilutive effect of equity compensation plans. Based on the above, the Commission finds that the Exchange's proposal should help to protect investors, is in the public interest, and does not unfairly discriminate among issuers, consistent with Section 6(b)(5) of the Act.<sup>25</sup> The Commission therefore finds

the Exchange's proposal to be consistent with the Act and the rules and regulations thereunder.

#### **V. Accelerated Approval of the Exchange's Proposal**

The Commission finds good cause for approving the Exchange's proposal prior to the thirtieth day after the date of publication of notice thereof in the **Federal Register**. The Commission notes that the Exchange's proposal is similar to the NYSE and Nasdaq's proposals requiring shareholder approval of equity compensation plans. Both the NYSE and Nasdaq's proposals were published for comment in the **Federal Register** and recently approved by the Commission.<sup>26</sup> The Commission believes that it already considered and addressed the issues that may be raised by the Exchange's proposal in its approval of the NYSE and Nasdaq's proposals.<sup>27</sup>

The Commission believes that accelerated approval of the Exchange's proposal is essential to allow for immediate harmonization of, and consistency in, the shareholder approval requirements for equity compensation plans among the markets. This will prevent issuers from making listing decisions based on differences in self-regulatory organization shareholder approval requirements and should provide equal investor protection to shareholders on the dilutive effects of plans irrespective of where the security trades. The Commission further believes that making the Exchange's new shareholder approval rules effective upon Commission approval will immediately impose the same requirements on the Exchange's issuers as those imposed upon NYSE, Nasdaq, and Amex issuers. Based on the above, the Commission finds good cause, consistent with Sections 6(b)(5) and 19(b)(2) of the Act,<sup>28</sup> to approve the Exchange's proposal on an accelerated basis.

The Commission also published a correction to the notice of the NYSE's proposal. See Securities Exchange Act Release No. 44620A (October 21, 2002), 67 FR 65617 (October 25, 2002). See Securities Exchange Act Release No. 46649 (October 11, 2002), 67 FR 64173 (notice of Nasdaq's proposal). See *supra* note 5; see also *supra* note 13.

<sup>27</sup> Some of the substantive provisions ultimately adopted by the NYSE and Nasdaq, and now being proposed for adoption by the Exchange, were in response to these comments. The comments on the NYSE and Nasdaq proposals were also discussed in detail in the Commission's approval order of the NYSE and Nasdaq proposals. See *supra* note 5; see also *supra* note 13.
