

Objective TR-2: Ensure the development and implementation of individual BabyNet Coordination Team Transition Compliance Plans as a component of the overall BNCT Compliance Plans.			
TR-2A. Incorporate transition improvement planning into overall BabyNet Coordination Team Compliance Plans under General Supervision Objectives GS-5. Each BN Coordination Team will demonstrate continuous improvement in ensuring that all eligible children receive required Part C Transition planning in a timely manner when exiting BabyNet each quarter. Quarterly benchmarks (which shall be either a percentage or a numerical decrease from the prior reporting period, will be established for each BNCT). Data on BNCT's progress in meeting the benchmarks shall be submitted to OSEP and incorporated into each respective BNCT Compliance Plan. DHEC will monitor each BNCT to ensure that benchmarks are met and will intervene directly (including using appropriate sanctions) with individual BNCTs, as necessary. (Findings: 2a, 2b, 2c)	BNCT Compliance Plans submitted in accordance with GS-5 will include improvement strategies to address discrepancies in data in TR-1A. Compliance Plan progress will be reported to OSEP in quarterly reports.	Timelines as indicated in GS-5 target dates of completion.	
	Benchmarks for the Target Group 1 (6 BNCTs) will be submitted to OSEP.	January 31, 2004	
	Benchmarks for the Target Group 2 (6 BNCTs) will be submitted to OSEP.	June 30, 2004	
	In its quarterly report to OSEP, DHEC shall provide monthly summaries for each BNCT with a completed Compliance Plan that detail progress in meeting benchmarks. A narrative shall be included that details how DHEC has analyzed and responded to the data provided by each BNCT.	January 31, 2004 and quarterly progress reports thereafter.
