

Comprehensive Everglades Restoration Plan.

(b) As used in this part, the Secretary of the Army acts through the Assistant Secretary of the Army for Civil Works with respect to the Army's civil works program pursuant to 10 U.S.C. 3016.

(c) Nothing in this part shall be interpreted to amend, alter, diminish, or otherwise affect:

(1) The rights, powers and duties provided under the "Comprehensive Everglades Restoration Plan Assurance of Project Benefits Agreement," dated January 9, 2002 pursuant to section 601(h)(2) of WRDA 2000; or

(2) Any existing legal water rights of the United States, the State of Florida, the Miccosukee Tribe of Indians of Florida, or the Seminole Tribe of Florida, including rights under the compact among the Seminole Tribe of Florida, the State, and the South Florida Water Management District, defining the scope and use of water rights of the Seminole Tribe of Florida, as codified by section 7 of the Seminole Indian Land Claims Settlement Act of 1987 (25 U.S.C. 1772e).

(d) This part is intended to aid the internal management of the implementing agencies and is not intended to create any right or benefit enforceable at law by a party against the implementing agencies or their officers. Nothing in this part shall create a right or expectation to benefits or enhancements, temporary or permanent, in third parties that are not specifically authorized by Congress in section 601 of WRDA 2000.

(e) Nothing in this part is intended to, or shall be interpreted to, reserve or allocate water or to prescribe the process for reserving or allocating water or for water management under Florida law. Nor is this part intended to, nor shall it be interpreted to, prescribe any process of Florida law.

§ 385.3 Definitions.

For the purposes of this part, the following terms are defined:

Adaptive management means the continuous process of seeking a better understanding of the natural system and human environment in the South Florida ecosystem, and seeking continuous refinements in and improvements to the Plan to respond to new information resulting from changed or unforeseen circumstances, new scientific and technical information, new or updated modeling; information developed through the assessment principles contained in the Plan; and future authorized changes to the Plan in order to ensure that the goals and purposes of the Plan are fulfilled.

Alternative plan means a plan that consists of a system of structural and/or nonstructural measures, strategies, or programs formulated to achieve, fully or partially, the goals and purposes of the Plan, as further defined in section 1.6.1 of the Water Resources Council's "Economic and Environmental Guidelines for Water and Related Land Resources Implementation Studies," dated March 10, 1983.

Assessment means the process whereby the actual performance of implemented projects is measured and interpreted based on analyses of information obtained from research, monitoring, modeling, or other relevant sources.

Central and Southern Florida (C&SF) Project means the project for Central and Southern Florida authorized under the heading "CENTRAL AND SOUTHERN FLORIDA" in section 203 of the Flood Control Act of 1948 (62 Stat. 1176) and any modification authorized by any other provision of law, including section 601 of WRDA 2000.

Component means features of the Plan that include, but are not limited to, storage reservoirs, aquifer storage and recovery facilities, stormwater treatment areas, water reuse facilities, canals, levees, pumps, water control structures, and seepage management facilities; the removal of canals, levees, pumps, and water control structures; and operational changes.

Comprehensive Everglades Restoration Plan (CERP) means the plan contained in the "Final Integrated Feasibility Report and Programmatic Environmental Impact Statement," dated April 1, 1999, as modified by section 601 of WRDA 2000, and any subsequent modification authorized in law.

Comprehensive Plan Modification Report means the report prepared for approval by Congress of major changes to the Plan that are necessary to ensure that the goals and purposes of the Plan are achieved. The Comprehensive Plan Modification Report describes the formulation and evaluation of alternatives, recommended modifications to the Plan, and other economic, environmental, and engineering information, and includes the appropriate NEPA document.

Concurrence means the issuance of a written statement of concurrence or the failure to provide such a written statement within a time frame prescribed by law or this part.

Consultation means a process to ensure meaningful and timely input in the development of program and project activities, reports, manuals, plans, and

other documents from Federal, State, and local agencies, the Miccosukee Tribe of Indians of Florida, and the Seminole Tribe of Florida.

Coordination means the formal exchange of information and views, by letter, report, or other prescribed means, between the Corps of Engineers and the non-Federal sponsor and another agency or tribe, including but not limited to, the exchange of information and views regarding the development of Project Implementation Reports, Operating Manuals, and Comprehensive Plan Modification Reports. Coordination activities are required by and in accordance with purposes and procedures established by Federal policy (public law, executive order, agency regulation, memorandum of agreement, and other documents that memorialize policy of the Corps of Engineers).

Cost-effective means the least costly way of attaining a given level of output or performance, consistent with the goals and purposes of the Plan and applicable laws.

Design Agreement means the agreement between the Corps of Engineers and a non-Federal sponsor concerning cost sharing for activities related to planning, engineering, design, and other activities needed to implement the Plan.

Dispute means any disagreement between the agencies or tribes associated with implementation of the Plan that cannot be resolved by the members of a Project Delivery Team or RECOVER and that is elevated to decision makers at the respective agencies or tribes.

District Engineer means the District Engineer of the Corps of Engineers, Jacksonville District.

Division Engineer means the Division Engineer of the Corps of Engineers, South Atlantic Division.

Drought contingency plan means the plan required by § 222.5(i)(5) of this chapter and described in implementing Engineer Regulation ER 1110-2-1941 "Drought Contingency Plans," and means a plan contained within an Operating Manual that describes procedures for dealing with drought situations that affect management decisions for operating projects.

Environmental and economic equity means the fair treatment of all persons regardless of race, color, creed, national origin, or economic status, including environmental justice, and the provision of economic opportunities for small business concerns controlled by socially and economically disadvantaged individuals, including individuals with
