**SUPPLEMENTARY INFORMATION:** Abraham Lincoln Birthplace National Historic Site is located about 3 miles south of Hodgenville, Kentucky, on U.S. Highway 31E and Kentucky Highway 61. The park was authorized on June 11, 1940, and now consists of more than 340 acres. The park was established in 1933 when it was transferred from the War Department to the National Park Service. The site contains a cabin, symbolic of the one in which Lincoln was born, preserved in a memorial building at the site of his birth. The Master Plan was completed in 1964 and in the ensuing years much has changed. A boundary change occurred in 1998, which added a Boyhood Home Unit to the park. This area contains the site of the Lincoln farm along with the field and surrounding woodland area belonging to that farm. Also the site contains a historic tavern and replica cabin. A General Management Plan and Environmental Impact Statement would provide the park with better guidance and direction in regard to management of natural and cultural resources and providing a quality visitor experience.

The plan will provide direction to correct existing management deficiencies through the establishment of management prescriptions, carrying capacities and appropriate types and levels of development and recreational use for all areas of the park. Resource protection, visitor experiences and community relationships will be improved through completion and implementation of the General Management Plan.

Public documents associated with the planning effort, including all newsletters, will be posted on the Internet through the Park's Web site at <http://www.nps.gov/abli>.

The Draft and Final General Management Plan and Environmental Impact Statement will be made available to all known interested parties and appropriate agencies. Full public participation by federal, state, and local agencies as well as other concerned organizations and private citizens is invited throughout the preparation process of this document.

The responsible official for this Environmental Impact Statement is Patricia A. Hooks, Acting Regional Director, Southeast Region, National Park Service, 100 Alabama Street SW., 1924 Building, Atlanta, Georgia 30303.

Dated: September 23, 2003.
