BILLING CODE 6325–39–P

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

7 CFR Part 905

[Docket No. FV03–905–3 FIR]

Oranges, Grapefruit, Tangerines, and Tangelos Grown in Florida; Limiting the Volume of Small Red Seedless Grapefruit

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Final rule.

SUMMARY: The Department of Agriculture (USDA) is adopting, as a final rule, without change, an interim final rule limiting the volume of small red seedless grapefruit entering the fresh market under the marketing order covering oranges, grapefruit, tangerines, and tangelos grown in Florida (order). The Citrus Administrative Committee (Committee) administers the order locally and recommended this action. This rule limits the volume of sizes 48 and 56 red seedless grapefruit shipped

during the first 22 weeks of the 2003–04 season by continuing in effect the weekly percentages for each of the 22 weeks, beginning September 15, 2003. This action supplies enough small red seedless grapefruit, without saturating all markets with these small sizes. This rule should help stabilize the market and improve grower returns.

EFFECTIVE DATE: December 15, 2003.

FOR FURTHER INFORMATION CONTACT: William G. Pimental, Southeast Marketing Field Office, Marketing Order Administration Branch, Fruit and Vegetable Programs, AMS, USDA, 799 Overlook Drive, Suite A, Winter Haven, Florida 33884–1671; *telephone:* (863) 324–3375, *Fax:* (863) 325–8793; or George Kelhart, Technical Advisor, Marketing Order Administration Branch, Fruit and Vegetable Programs, AMS, USDA, 1400 Independence Avenue SW., STOP 0237, Washington, DC 20250–0237; *telephone:* (202) 720–2491, *Fax:* (202) 720–8938.

Small businesses may request information on complying with this regulation by contacting Jay Guerber, Marketing Order Administration Branch, Fruit and Vegetable Programs, AMS, USDA, 1400 Independence Avenue SW., STOP 0237, Washington, DC 20250–0237; *telephone:* (202) 720–2491, *Fax:* (202) 720–8938, or E-mail: Jay.Guerber@usda.gov.

SUPPLEMENTARY INFORMATION: This rule is issued under Marketing Agreement No. 84 and Marketing Order No. 905, both as amended (7 CFR part 905), regulating the handling of oranges, grapefruit, tangerines, and tangelos grown in Florida, hereinafter referred to as the “order.” The marketing agreement and order are effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674), hereinafter referred to as the “Act.”

USDA is issuing this rule in conformance with Executive Order 12866.

This rule has been reviewed under Executive Order 12988, Civil Justice Reform. This rule is not intended to have retroactive effect. This rule will not preempt any State or local laws, regulations, or policies, unless they present an irreconcilable conflict with this rule.

The Act provides that administrative proceedings must be exhausted before parties may file suit in court. Under section 608c(15)(A) of the Act, any handler subject to an order may file with USDA a petition stating that the order, any provision of the order, or any obligation imposed in connection with the order is not in accordance with law

and request a modification of the order or to be exempted therefrom. A handler is afforded the opportunity for a hearing on the petition. After the hearing USDA would rule on the petition. The Act provides that the district court of the United States in any district in which the handler is an inhabitant, or has his or her principal place of business, has jurisdiction to review USDA’s ruling on the petition, provided an action is filed not later than 20 days after the date of the entry of the ruling.

This rule limits the volume of small red seedless grapefruit entering the fresh market. This rule restricts the volume of sizes 48 and 56 fresh red seedless grapefruit shipped during the first 22 weeks of the 2003–04 season by establishing a weekly percentage for each of the 22 weeks, beginning September 15, 2003. This rule supplies enough small red seedless grapefruit, without saturating all markets with these small sizes. This action should help stabilize the market and improve grower returns.

Section 905.52 of the order provides authority to limit shipments of any grade or size, or both, of any variety of Florida citrus. Such limitations may restrict the shipment of a portion of a specified grade or size of a variety. Under such a limitation, the quantity of such grade or size a handler may ship during a particular week is established as a percentage of the total shipments of such variety shipped by that handler during a prior period, established by the Committee and approved by USDA.

Section 905.153 of the regulations provides procedures for limiting the volume of small red seedless grapefruit entering the fresh market. The procedures specify that the Committee may recommend that only a certain percentage of sizes 48 and 56 red seedless grapefruit be made available for shipment into fresh market channels for any week or weeks during the regulatory period. The regulation period is 22 weeks long and begins the third Monday in September. Under such a limitation, the quantity of sizes 48 and 56 red seedless grapefruit that may be shipped by a handler during a regulated week is calculated using the recommended percentage. By taking the recommended weekly percentage times the average weekly volume of red seedless grapefruit handled by such handler in the previous five seasons, handlers can calculate the total volume of sizes 48 and 56 they may ship in a regulated week.

This rule continues to limit the volume of sizes 48 (3⁹/₁₆ inches minimum diameter) and 56 (3⁵/₁₆ inches minimum diameter) red seedless
