*OMB Number:* 0596-New.

*Expiration Date of Approval:* N/A.

*Type of Request:* New.

*Abstract:* There has been a considerable amount of controversy surrounding land use in rural, coastal regions of South Carolina. Press reports and anecdotal information indicate that some residents support initiatives that would encourage commercial and residential development in the region, while other residents strongly oppose such initiatives. The National Forest-Dependent Rural Communities Economic Diversification Act of 1990 provides the authority for this information collection. This Act gives the Forest Service an opportunity to help rural communities, located in or
