II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the PCX included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it had received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The PCX has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, Proposed Rule Change

(1) Purpose

To clarify language with respect to order execution on the Archipelago Exchange ("ArcaEx") facility, the PCX proposes to modify PCXE Rule 7.37(d) relating to the routing of orders to away market centers or market participants.³ This modification does not seek to change ArcaEx's current functionality, but rather to clarify its existing functionality.

Currently, PCXE Rule 7.37(d) describes the process for orders that are routed outside the Archipelago Exchange. The rule states that orders will be routed to the extent they have not been executed in their entirety subject to PCXE Rules 7.37(a) through (c) and are not designated as a certain order type.⁴ The proposed rule change

would clarify the size and price of the routed order. Specifically, the proposed rule change designates that orders would be routed at the price and at a size no greater than the size of the quote published at the away market center or market participant. Furthermore, the proposed rule change would clarify that in the case where the order is (i) greater than the away market center's quote size, or (ii) is unexecuted or canceled by the away market center, the remaining portion of the order will be displayed in the ArcaEx Book pursuant to PCXE Rule 7.36 and eligible for execution under PCXE Rule 7.37.

(2) Statutory Basis

The PCX believes that this proposal is consistent with Section 6(b)⁵ of the Act, in general, and furthers the objectives of Section 6(b)(5)⁶, in particular, because it is designed to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments and perfect the mechanisms of a free and open market, and to protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The PCX does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The PCX neither solicited nor received written comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding, or (ii) as to which the PCX consents, the Commission will:

A. by order approve such proposed rule change; or

B. institute proceedings to determine whether the proposed rule change should be disapproved.

⁵ 15 U.S.C. 78f(b).

⁶ 15 U.S.C. 78f(b)(5).

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street NW., Washington, DC 20549–0609. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room. Copies of such filings will also be available for inspection and copying at the principal office of the Exchange. All submissions should refer to File No. SR-PCX–2003–54 and should be submitted by December 10, 2003.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.⁷

Margaret H. McFarland,
Deputy Secretary.

³ The fifth step of the ArcaEx execution algorithm involves routing orders away to other market centers or market participants. This will occur if there are no opportunities to match an order within ArcaEx, or to access the best price available in the market. Routing is available only to those ETP Holders who have entered into a Routing Agreement. See PCXE Rule 7.37(d).

⁴ PCXE Rule 7.37(d) states that orders designated as Fill-or-Return, Fill-or-Return Plus, or Post No Preference ("PNP") will be canceled without being routed to another market participant.
