

Executive Order 11651 of March 3, 1972, as amended.

The import restraint limits for textile products, produced or manufactured in China and exported during the period January 1, 2004 through December 31, 2004 are based on the limits notified to the Textiles Monitoring Body pursuant to the Uruguay Round Agreement on Textiles and Clothing (ATC).

In the letter published below, the Chairman of CITA directs the Commissioner, Bureau of Customs and Border Protection to establish the 2004 limits. Carryforward applied to the 2003 limits has been deducted from the 2004 limits.

These limits are subject to adjustment pursuant to the provisions of the ATC and administrative arrangements notified to the Textiles Monitoring Body. However, as the ATC and all restrictions thereunder will terminate on January 1, 2005, no adjustment for

carryforward (borrowing from next year's limits for use in the current year) will be available.

A description of the textile and apparel categories in terms of HTS numbers is available in the CORRELATION: Textile and Apparel Categories with the Harmonized Tariff Schedule of the United States (see **Federal Register** notice 68 FR 1599, published on January 13, 2003). Information regarding the availability of the 2004 CORRELATION will be published in the **Federal Register** at a later date.

Chairman, Committee for the Implementation of Textile Agreements.
