SUPPLEMENTARY INFORMATION: The King County Department of Development and Environmental Services (DDES), acting under authority of section 104(g) of the Housing and Community Development Act of 1974 (42 U.S.C. 5304(g)) and HUD's regulations at 24 CFR part 58, in cooperation with other interested agencies, has prepared a Draft EIS to analyze potential impacts of redevelopment of the Park Lake Homes public housing community (Greenbridge Redevelopment Project-Proposed Master Plan). The Draft EIS is a joint National Environmental Policy Act (NEPA) and Washington State Environmental Policy Act (SEPA) document intended to satisfy requirements of federal and state environmental statutes. HUD has allowed the assumption of its NEPA authority and NEPA lead agency responsibility by the King County (DDES) as the Responsible Entity in cooperation with the Recipient, King County Housing Authority (KCHA), as the SEPA lead agency.

Park Lake Homes is KCHA's oldest and largest public housing development. Built in 1942 to serve as temporary housing for World War II defense workers, structures have been renovated several times. The KCHA received a HOPE VI grant award from HUD in November 2001, to initiate planning for the revitalization of this public housing development.

The Proposed Master Plan includes redevelopment of the existing approximately 94-acre project site located in the White Center area of unincorporated King County, Washington. The proposed redevelopment is consistent with requirements for a mixed-use, mixed-income housing project as described in the HOPE VI grant. The project site currently contains 569 residential units, a Community Center, a maintenance shop, a Head Start School, and a secondary building containing a food bank and administrative offices. The residential units are in primarily single story duplex structures.

The plan is to replace all existing low-income housing to either within the site or elsewhere in King County, through construction of public housing units on-site and project-based Section 8 vouchers in existing or new housing complexes. Existing residents would be displaced and assisted with benefits according to the provisions of the Uniform Relocation Assistance and Real Property Acquisition Policies Act. Where possible, displaced residents in good standing would be allowed to
